SHRAPNELL FELL ON EMPLOYES

One Killed and Four Injured by Bursting Soda Tank.

Meadville, Pa., July 11.—One killed, another fatally injured, while taree are seriously burned is the result of a fire in a soda bottling works here.

Two residences and a barn adjacent to the bottling plant were destroyed. When the flames reached the charging tank it exploded with a roar and pieces of the heavy metal were thrown with great force in every direction, subjecting the employes who had not made their escape to a veritable charge of shrapnel.

Walter Fries, 14 years of age, was struck and instantly killed, while Eleanor Martin, 17 year old, had one arm and both legs broken, besides receiving internal injuries from which she cannot recover.

When the walls fell in, Mrs. Minnie Baird, 23 years old, was covered with burning woodwork. She will recover from her injuries. James Allen, a fireman, was cut about the head by falling pieces of slate, and Fred Bell, another fireman, was overcome by the heat.

Wetmore Stands for Re-election.

Providence, R. I., July 11.—United States Senator Peabody Wetmore, has authorized the announcement that he is a candidate for re-election. The statement was prompted by a rumor that Senator Wetmore would retire in favor of Colonel S. P. Colt, of this city. Politicians view the announcement as meaning that Senator Wetmore will have to oppose Colonel Colt in securing Republican votes in the legislature and later to oppose Colonel R. H. I. Goddard, who is a candidate for the senatorial election on an independent Democratic platform.

Left Fortune to Trolley Conductor.

New York, July 11—Louis Carr, a trolley car conductor, at Paterson, N. J., has just been notified that he is heir to a legacy of $50,000 bequeathed to him by his uncle, Robert Carr, who was a wealthy photographic supply manufacturer in Basle, Switzerland, and died six months ago. "I have shaken myself repeatedly and questioned myself to find out if I am in a trance, for I can hardly believe I am so fortunte," said the conductor. He intends to stick to the car until he has secured the cash.

Reid Sent Up for Four Years.

Savannah, Ga., July 11.—L. R. Reid, of Augusta, who was indicted for impersonating W. C. Finch, at the barracks and obtaining $159, was tried in the superior court and found guilty. He was sentenced to four years in the penitentiary. Reid persisted in the remember-nothing story which he told when he was brought back to the city. Reid had made his escape from the barracks by giving the other man's name and taking the other's money.

Brigadier General Dead.

Los Angeles, Calif., July 11.—Brigadier General Louis Henry Rucker, U. S. A., retired, died here Monday. He had been in continuous military service of the United States for more than 40 years. He enlisted at Chicago when the call for troops was first made in 1861, rose from the ranks to high grade, and retired at his own request, as brigadier general, in 1902. He will be buried in the national cemetery at the Presidio, San Francisco.

Detail of Mutiny.

St. Petersburg, July 11.—Some additional detail from munity of the Seventh cavalry at Tambov show that both the infantry and the Cossacks sent to subdue the mutineers refused to fire on them, the infantry bayoneting the officer, who gave the command. Only a detachment of Dragoons, who, it is said, had been plied with liquor, attacked the mutineers. The officers of the Seventh fired on their assailants. The number of killed [illegible] has not been ascertained.

BARK MARGARITA ON FIRE AT SEA

Clyde Line Steamer Reports Having Sighted Her

OFF THE DELAWARE COAST

There Was No Signs of Life On Board When the Carib Sighted Her—Crew Probably Taken Off by Some Passing Vessel.

New York, July 11.—Upon arrival here Tuesday, the Clyde Line steamer Carib, from Georgetown, S. C. and Wilmington, N. C., reported having sighted the Urgarian bark Margarita on fire at sea Monday off the Delaware coast.

The Margarita left Philadelphia on July 3 bound to Halifax, N. S. in command of Captain Alsena. There was no sign of life on board when the Carib sighted her.

The vessel was blazing fire early after the mizzen mast had fallen alongside and the charred spar was hanging over the quarter deck. All sails were set on the fore and main masts except the royals. All her head sails were set and she was hove to with her head to the wind, which kept the fire aflame. To the main mast forward everything was untouched by the fire.

The Carib ran close by her and Captain Maguire watched for signs of the crew, but apparently they had been taken off by some passing vessel.

The Margarita is a wooden vessel of 559 tons net. She was built in 1871, and is owned in Montevideo.

New Road Wants Charter.

Americus, Ga., July 11.—Another railroad line is to add to the substantial development of southwestern Georgia. It is understood that an application for charter will be made shortly for the Americus, Sylvester and Southern railway, extending from the City of Americus to Heartpine, on the Georgia Southern and Florida railway, and traversing Sumter, Lee, Worth and Berrien counties. A magnificent timbered and agricultural section right of way for a considerable portion of the proposed railway has already been secured. The line will cross the Albany Northern at Oakfield and the Atlantic Coast Line at Norman Park.

Killed by Father-in-Law.

Atlanta, July 11.—A young man of 27 shot dead by his father-in-law, 20 years his senior, as the result of alleged unfaithfulness to his wife on the part of the younger man, was what happened at Howell station Monday night, when Charles E. Black, a moulder, who works in Withers' foundry, was killed by Alonzo Church, who runs a barber shop on the Marietta road, at the latter's place of business. A pistol was used. Though three shots were fired, only one took effect, but that lodged in the region of the heart, and produced instant death.

Investigating Stock Yards.

Chicago, July 11.—Secretary of Agriculture Wilson continued his investigation of the local stock yards on Tuesday and made a trip through several of the plants before breakfast. He continued his investigation until late in the morning, and expressed himself satisfied with what he saw there. "It seems to me," said the secretary, "that the packers are working with commendable vigor to make improvements and I understand that there will be no let up in the work until they have fixed things as the government wants them."

Major Erwin Promoted.

Atlanta, July 11.—Major James B. Erwin, of the Ninth cavalry, U. S. A., who was appointed to West Point from Savannah, and was assigned to the state adjutant general's office in 1898 during the Spanish-American war, has been appointed to succeed Major John C. Gresham, inspector general, of the United States army to inspector general's department. He has been assigned to duty in the Philippine Islands.

LONG SEARCH FOR BROTHER.

Who Disappeared in China About a Year Ago.

San Francisco, July 11—G. W. Morley, of Saginaw, Mich., has returned on the China, after a six months' search for his brother, R. H. Morley, who disappeared in China a year ago while traveling with a man named Leverger.

Morely traced his brother to Wu Tun Chineg, on the border of Mongolia, more than 600 miles from Pekin.

The last heard from the missing man was in September, 1905. Lajer Leverger cashed a leter of credit owned by Morley in Shanghai for $1,000. Another letter of credit for a similar amount was cashed in Colombo, Ceylon.

It is suspected that Leverger killed Morley, took his belongings and fled to France. Morley intends to keep up the hunt to discover what became of his brother. He is seeking information of the whereabouts of Leverger.

Negro Shot to Death.

Lafayette, Ga., July 11.—J. P. Phillips, foreman for the Burford Lumber company, shot and instantly killed a negro in his employ who was advancing on him. The shooting occurred in the Burford cove on the western slope of Pigeon Mountain, in Walker county. The negro was said to be a dangerous character and was dreaded by his fellow workmen. He had served a term in the Indiana penitentiary for burglary. After the shooting Mr. Phillips surrendered to Sheriff Gormany, who instituted a preliminary hearing before Justice of the Peace J. F. Smith, of Cedar Grove. The court, after hearing the evidence, promptly dismissed Mr. Phillips as being entirely justified in the killings.

Sent Bullet into His Head.

New York, July 11—Norman G. Leopold, a young broker, killed himself by shooting in a room in the Waldorf-Astoria. He registered at the hotel and subsequently directed a note to a friend bidding him goodby. The note alarmed relatives, who began a search of the hotels of the city. A cousin learned that the young man had registered at the Waldorf-Astoria and his apartments were broken into. Leopold's body was found with a bullet hole in the head. Financial difficulties are supposed to have caused him to commit suicide.

Want to Examine Books.

West Baden, Ind., July 11.—Attorney General Charles W. Miller, auditor of State Warren Bigler, and Deputy State Auditor John E. Reid accompanied by three expert accountants, made formal demand on the proprietors of the West Baden and the French Lick Springs Hotel companies for an examination of their books. The demand was made under a section of the state law allowing the state auditor to examine all bookks of corporations organized under the voluntary association act under which both hotels are incorporated.

Farmers' Union to Meet.

Birmingham, Ala. July 11.—J. A. Worley, of Guin, president of the Farmers' union of Alabama, has issued a call for that body to meet in Bessemer, July 22, 23 and 24. It is expected that between 300 and 400 progressive farmers will be in attendance. Alabama railroads will give a special rate of one far plus 25 cents. One delegate at large is allowed at the convention for every 200 members. The organization has been in existence in the state for several years, and its growth has increased by rapid strides every year.

Made 100 Miles a Day.

Washington, July 11.—Just 191 days after it sailed from Solomons island, Chesapeake bay, the great Dry Dock Dewey arrived at Olongapo Monday, having finished its perilous voyage of more than 12,000 miles, with an average speed of 100 miles a day for the time it was in motion.

Immigrants to Siberia.

St. Petersburg, July 11.—Government figures made public Tuesday show an unprecedented immigration to Siberia, 86,861 persons going there during the last six months.

ROJESTVENSKY HAS BEEN ACQUITTED

On The Ground That He Was Not In Full Senses.

NOT ACCOUNTABLE FOR DEFEAT

Some of the Officers Were Acquitted, Their Guilt Not Being Proven—Mercy Is Asked in Behalf of the Guilty Ones.

Cronstadt, Russia, July 11.—Admiral Rojestvensky has been acquitted.

The full report of the Cronstadt courtmartial shows that Admiral Rojestvensky was acquitted on the ground that he was not in full senses and therefore was not accountable for for what transpired at the time of the surrender.

Some of the officers who were tried with Rojestvensky were acquitted, their guilt not being proven.

The recommendations for mercy in the cases of Captain Baranoff, of the torpedo boat destroyer Bedovi, Fillipovsky and Leontieff, who were found guilty and sentenced to be shot, were in accordance with the refutations and based on the physical and mental demoralization produced by the long voyage and shock of the disaster in battle. They were also credited with a desire to save the life of Rojestvensky.

One Killed; Two Injured.

Jacksonville, Fla., July 11—The second section of a freight train on the Seaboard Air Line crashed into the rear end of the first section standing on the main line in the yards at Lake City, Fla., at 3 o'clock Tuesday morning, causing a serious wreck, and killing the brakeman and injuring an engineer and fireman, who were reported were asleep in the cab of the first section. The whole train would have been destroyed, as it was loaded with turpentine and other inflamable stuff, had not the Lake City fire department come to the rescue. The regular Seaboard Air Line passenger trains cannot pass on the track where the accident occurred but are using the Atlantic Coast Line trackks from Live Oak by way of Fort White, Fla.

Warrant for Rockefeller.

Findlay, O., July 11.—A warrant for John D. Rockefeller which is now in the hands of the sheriff, is accompanied by a copy of the information and affidavits which was filed last Thursday in the probate court here by Prosecutor David and charges Rockefeller with violation of the anti-trust law in organization and maintaining a monopoly of the oil business. The warrant directs the sheriff "to take the said John D. Rockefeller, if found in your county or if he shall have fled, that you pursue him into any other county in the state and take and safely keep the said John D. Rockefeller so that you have his body before this court to answer the same complaint and be further dealt with according to law."

Cleveland, O., July 11.—The federal grand jury Tuesday resumed its investigation of alleged violations of inter-state commerce laws by various railways, and the Standard Oil company with half a dozen witnesses on hand to give testimony. Among those who testified Tuesday were C. L. Myers a clerk in the freight tariff department of the Lakke Shore and the general auditor of the same company, R. M. Huddlestone, and O. T. Curtis, sales agent of the Standard Oil company. Several additional subpoenas were issued Tuesday, one of which was for a freight agent of the Lake Shore at Chicago, Mr. J. C. Clark.

Wealthy Kentuckian Dead.

Paducah, July 11—Edmund Pearson Noble, 60 years of age, president of the Paducah Globe Bank and Trust company, formerly president of the board of public works, president of the aldermanic board and one of the wealthiest men in western Kentucky, died Tuesday of appendicitis. He leaves a young wife to whom he was married but a few months ago.

CHAIRMAN HODGES ON STREET QUESTION

Street Committee Has Nothing to Do With Building Streets.

BOARD OF PUBLIC WORKS

That is the Branch of Municipal Government to Whom the People Must Look For Extensive Improvements and Paving, and Same Will be Done.

Editor Sun: During the past few weeks, since the extremely wet weather has prevailed, many people have complained of the bad condition of our streets. Some of these complaints, notably those which found their way into the newspapers, have taken the direction of criticism of the Street Committee—as if this committee had the money and authority to proceed with the paving of all the bad streets in the city.

I wish to explain that under the present formature of the city government the Street Committee does not do the street paving. All such improvements are now turned over to the Board of Public Works. This board has asked the council for authority to pave a number of the principal streets, and the ordinance authorizing them to proceed with this work is now being prepared. When this ordinance is passed and the sewer construction is out of the way, I know it is the intention of the Board of Public Works to go ahead with street improvements as far as the finances of the city will permit. It would be folly for them to squander the fund they have for street paving just at this time in advance of the sewer construction, to have such streets immediately torn up again by excavations for sewer pipes.

Everyone who takes any pride in our little city must feel humiliated at the bad condition of many of our streets. But this condition will undoubtedly be greatly improved as soon as the sewers are in. Not less than thirty thousand dollars will be spent by the Board of Public Works on our streets during the next two years, and no amount of abuse of the Street Committee will be apt to accomplish much along this line just at this time. This committee is trying to do the best it can with the streets under present conditions. Without money or authority we cannot convert the miles of mud holes into sanitary boulevards, however much we might desire to do so, especially when such mud holes in many cases run from house to house without any sidewalks, curbs or gutters intervening. While we are waiting until the excavations for the sewers are finished, if the people will go ahead and put down sidewalks, curbs and gutters, so that the bad streets complained of will have some definite limits, some metes and bounds, and can be properly drained, then putting the streets in good condition after the sewers are finished will be a much simpler proposition. If the people will do this and then will not forget that standing water on their lots is a sanitary nuisance, and will keep the rank, unsightly weeds cut from around their premises, Gainesville will soon be a joy and pride to all of us.

I am sure every member of the City Council and Board of Public Works has the interests of the city at heart, and hope to improve the conditions as rapidly as possible.

J. H. Hodges,
Chairman Street Committee.
Gainesville, July 11.

WILL HAVE BIG TIME.

Alachua Camp, W. O. W., Will Have Work in Two Degrees Tonight.

Members of local camp, Alachua Camp No. 5, will entertain members of the camp tonight in work in two degrees—the first and second. This order is recognized as being one of the best fraternal insurance orders in the country, and new life has been enthused into the local lodge within the past few weeks.

The Woodmen is strictly a fraternal insurance order. It has features in initiation of members which are impressive, and amusing as well, and is based along the lines of the best secret fraternal insurance orders in the country.

Alachua Camp, which is one of the best in the State, has been recently infused with new life, and the members have gone to work with a determination to do something. This determination has resulted most successfully, as several new members have been enrolled recently.

At the conclusion of the regular work tonight there will be refreshments, which will be enjoyed by those present, as well as the newly installed members. A full attendance is desired at this meeting, which is destined to be one of the "star" meetings of the present term.

EXPRESS HEADQUARTERS.

Route Agent Rhoades Will Make His Home Here After July 15.

Route Agent S. W. Rhoades of the Southern Express Company, who spent several days here recently, is so well impressed with the city and our people that he has decided to make his home and headquarters here, on and after July 15

Mr. Rhoades is now residing in Ocala. He is also impressed with the Brick City, and stated that he regretted very much to leave the good people he had met there, but that, owing to the fact that his territory was more central here, he deemed it best to come to Gainesville. He feels sure he will be well pleased, and the location will prove to his territory so much more central.

Modest Claims Often Carry the Most Conviction.

When Maxim, the famous gun inventor, placed his gun before a committee of judges, he stated its carrying power to be much below what he felt sure the gun would accomplish. The result of the trial was therefore a great surprise, instead of disappointment. It is the same with the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy. They do not publicly boast of all this remedy will accomplish, but prefer to let the users make the statements. What they do claim is that it will positively cure diarrhoea, dysentery, pains in the stomach and bowels and has never been known to fail. For sale by all druggists.

He Likes Gainesville.

Among the visitors to this city yesterday was J. W. Barwick, a prominent real estate man of Jacksonville.

Like many others who have heard about the good things of Gainesville, including the educational and moral advantages, Mr. Barwick was here prospecting with a view to locating and bring his family here. He is well pleased, and it is probable that we may add another family to our list in a short time.

Mr. Barwick visited the new University buildings, now being erected. He was well pleased, and expressed himself as believing that the selection for a location could not have been more wisely made. "I am 'stuck' on Gainesville," he said, "and you need not be surprised to see my 'truck' coming in here at any time."

Mr. Barwick would make a desirable citizen, and he would be gladly welcomed here

Fresno, Calif., July 11.—A dispatch was received here Monday night that the man Sweet who had been arrested charged with holding up the five stages on Yosemite Valley trail was given his liberty. He proved an alibi.

JUSTICE COLMAN'S COURT.

John Cannon Committed to Jail Charged With Stealing Cows.

John Cannon, colored, of the Rutledge section, was arraigned in Justice Colman's court Wednesday upon a charge that is a serious one in this country, that of cow stealing.

Cannon was arrested a day or two ago upon a warrant sworn out by Lemnel Johnson, a progressive farmer and stock-raiser of the Ruckledge section, the charge and specification being that Cannon, on a certain day and date, did take from his "range and pasture" a certain cow, that he, fully aware that the animal was not his property, sold the same on hoof to a butcher of cattle, one J. B Sheffield, as his own and individual property.

When arraigned before the justice court Cannon did not plead guilty outright, but it was evident with the court that this was a case worthy of investigation, and he required the defendant to give a bond of $250 for his appearance at the next term of the circuit court. In default of this bail, which he was unable to give, Cannon was remanded to jail.

WILL GO TO DENVER.

Past Exalted Ruler Lynch Will Represent Gainesville Elks.

Past Exalted Ruler Louis C. Lynch of Gainesville Lodge No. 990, expects to make his departure tomorrow for Denver, where he will officially represent this lodge at the Grand Lodge meeting of that order, which will begin on the 16th inst.

Mr. Lynch will be accompanied by Henry Davis, a member of Gainesville lodge, who will also take his mother, Mrs. W. H. Davis, with him. The party will take a special train at Jacksonville and anticipate a very pleasant trip.

The session of the Grand Lodge of Elks is always a feature full of interest and enjoyment, and none are more capable of appreciating the meeting than Messrs. Lynch and Davis.

A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold, but Dr. King's New Discovery saved my life." Guaranteed best cough and cold cure, at all drug stores. 50c and $1. Trial bottle free.

The Normal Goes Right On.

The Summer School still continues its good work, and additions are made to the enrollment almost daily. Quite a number of teachers will be in next week to brush up a little before the examination for State and primary certificates.

We gave a wrong impression in Tuesday's issue about the time of closing. The school will run the full six weeks, closing on the 20th. Some examinations will begin on the 17th, but nearly all the classes will go right on.

Too much praise cannot be given to the large and intelligent body of teachers who, after a year of hard work in the school-room, are spending these hot weeks in qualifying themselves for more efficient service. Many of them already have certificates and their attendance is prompted by a desire for improvement.

MALARIA AN INSIDIOUS FOE TO HEALTH

Malaria is an atmospheric poison which we unconsciously breathe into our lungs through the impure air arising from low, marshy places, stagnant ponds, damp cellars, sewer pipes, improperly ventilated houses, decaying vegetable matter, etc. Day after day these germs and poisons are taken into the lungs, and as the blood passes through them it becomes infected with the poison and in its circulation distributes the microbes of disease to all parts of the body. Malaria is a very insidious disease; it gives no warning of its coming until the circulation is filled with the poison and this foe to health has the system at its mercy. The blood becomes polluted, thin and weak and its slow, irregular circulation fails to properly nourish and strengthen the body. Then the entire system is attacked, and if the germs and poisons of Malaria are allowed to remain the strongest constitution will break down. No one can feel well when the system is in a malarial condition; the vitality is weak, the appetite poor, digestion deranged, the complexion grows sallow and the entire body feels the effects of the poison. Malaria must be removed from the system through the circulation and the only medicine that can accomplish this is S. S. S. It not only cleanses the blood of all unhealthy, morbid matter, but destroys the germs, cures Malaria and restores this vital fluid to a strong, healthy condition. S. S. S. is made of roots, herbs and barks combining purifying and tonic properties which keep the blood free of all poisons and the system in perfect condition. While destroying the germs of Malaria and building up the weak polluted blood S. S. S. gives tone and vigor to the entire system. Book on the blood and any medical advice without charge.

OPLE INDIGNANT ON UNION STREET

Present Petition to Council Ask That Repairs be Made.

ETS ARE UNSANITARY

me Places, on Certain Thoroughs, Wheels of Vehicles Sink Half to the Hubs in Dirty Mud and h—Bad State of Affairs.

ng become very much provoked sloppy, unsanitary condition of Union street, the business men of horoughfare have prepared and esent to the City Council at its meeting a petition protesting these conditions, and will ask me immediate action be taken e thereto

judging from a communication Alderman J. Harrison Hodges, an of the street committee, apg in another column, it would hat the street committee, under esent rules of the charter, have to do in the matter of repairpaving, neither has the City the right to authorize same to . This matter is left entirely e newly created Board of Pubks, who alone have the au-

rue that a limited power is nder the terms of the law, street committee, but this so limited that it is of no ence. The law in substance that the street committee, authority from any source save powers, may expend the enor) sum of $25 for repairs. This as will be realized, would not ient to fill up one of the decentudholes which exist by the on North Pleasant and other f the city. As a matter of nder the charter nobody ap- be to blame: it is true that the mmittee is doing everything as far as financial limits exkeep the thoroughfares in conbut it is like pitching a bucket into the sea.

an Hodges in his communication states that the Board of Public Works has made request to pave certain streets, and that ordinances will soon be passed to cover this request, and that said streets will be paved as soon as the sewer pipes have been laid. But this will be several months, extending well over the summer. Are the people to suffer the inconvenience, the stenches resembling hogwallows, and the danger of typhoid fever and other sickness as well in the meantime?

The proper authorities need not take the word of those who might be termed "kickers" in this matter, but if those responsible in this direction will take a few moments off and walk along Pleasant street, which is in the worst condition, they will find mud and slosh half way to the hubs of the vehicles which pass that way.

A small street force was at work Wednesday throwing the overwashed mud to the center of Pleasant street, but it was time virtually thrown away, as the daily rains wash such material as is found on this street back almost as fast as it is shoveled up.

As matters appear under the provisions of the charter, nobody is to blame, but the people must suffer and stand the consequences and chances of disease throughout the remainder of the summer.

The Smile

That won't come off appears on baby's face after one bottle of White's Cream Vermifuge, the great worm medicine. Why not keep that smile on baby's face. If you keep this medicine on hand, you will never see anything else but smiles on his face. Mrs. S——, Blackwell, Okla., writes: "My baby was peevish and fretful. Would not eat and I feared he would die. I used a bottle of White's Cream Vermifuge and he has not had a sick day since." Sold by W. M. Johnson

The caterpillars have now attacked the shade tree. Let us spray.

It is even money that the most important witness for the defense in the Thaw case will have been lost in that English train wreck.

Tom Lawson refers to the President as "the boss muck-raker of us all." He was bound to get into the President's class some way.

A New York doctor now blames bridge with causing nervous exhaustion among women. That is nothing to the financial exhaustion it causes among the women's husbands.

A Secret Service man inaugurated the President's vacation trip by knocking down a photographer who had snapped a picture of Mr. Roosevelt. Pretty fair indication there is nothing in the third term talk.

The State officials at Tallahassee are catching it on all sides. A great deal of this is due to the arrogance with which they transact the business of the State. It would be a pretty wise plan to take the people of Florida into their confidence. It might save a little of the criticism at least.

It was claimed by the people of Chicago that the great world's fair of 1893 set the city back ten years. But Tampa and T. J. Laod Brown are not pushing the Panama canal exposition with any such object in view. It would require more than an exposition of even the magnitude of the one contemplated to set Tampa back.

If J. A. Jennings was called upon to defend the trustees of the Internal Improvement Fund, he made a pretty mess of it. The fact that the sale was a secret one and that the price received by the State was just $35,000 less than the price Mr. Jennings received only a few days after his purchase, makes the transaction appear shady to say the least.

THE DEMOCRACY OF 1908.

That W. J. Bryan is to be for the third time the nominee of the Democratic party for President appears now to be settled. That he is the logical candidate is just as self-evident as the first proposition. In his announcement that he would accept the nomination if the Democratic party felt that it should again call upon him to lead it in another campaign, Mr. Bryan asserted that the issues and not the man were to be considered. That is a Democratic principle and one which Democracy should have adhered to in some of the campaigns in the past. But the people of the United States know Mr. Bryan so well, appreciate his great and steadfast adherence to Democratic doctrine, that the name Bryan alone would carry with it the understanding that Democracy intended making the fight, open, frank and with vigor in the interest of the people, as against the few plutocrats and that Democracy held the principles of the creed above the possession of what offices there are to be dished out every four years.

The overwhelming defeat of Parker in the last campaign ought to convince the National Democracy that there is nothing to be gained by catering to the enemies who endeavor to sneak into camp. That defeat of Democracy's candidate, when everything is considered, serves as a wholesome lesson. It demonstrates that the only way victory can be secured is by fighting along the whole line, battling for principles without concessions to any faction or clique.

In 1908 there will be an excellent opportunity for the success of the Democratic party at the polls. Growing confident and reckless, the Republican party has allowed its greed for plunder and for spoils to place it in a most unfavorable light and give to its opponent an excellent weapon with which to fight. If the Democracy accepts the situation and meets every issue manfully there is a bright prospect of success. There can be nothing gained by cringing. There can be nothing gained by making concessions to its enemies. To win, Democracy must conduct its campaign on a Democratic platform. If this is done Bryan will be our next President.

FREE ANALYSIS AND ASSAYS.

Among the numerous mistaken ideas that prevail regarding the functions of the Government one of the most general is that some department in Washington is prepared to make analyses or assays of anything in the shape of a mineral which may be submitted by any citizen of the country. Naturally, the Geological Survey is credited with this function and as a result not a day passes without the receipt of a dozen or more requests for such work. These requests are acknowledged with the statement that the Survey has neither the legal authority nor the available funds to make indiscriminate analyses or assays for private parties.

A small appropriation is made "for chemical and physical researches relating to the geology of the United States," but this is inadequate for the absolutely necessary chemical and physical work required by the geologists in connection with these investigations. Even if the appropriation were sufficient to provide ample facilities for making private analyses it could not be used for this purpose unless such analyses were directly contributory to the solution of some geologic problem. Fortunately, a large proportion of the specimens submitted can readily be determined by means of simple tests and careful visual examinations. Such a determination is always made wherever possible, and the person who submits the mineral is given all the information available regarding it. In most cases this is quite as satisfactory as the result of an elaborate and expensive analysis would be. A large proportion of the specimens submitted are absolutely worthless, some have a commercial value only when occurring in large masses and convenient to transportation, while a few afford clues to new occurrences of rare and interesting minerals which are of great value in connection with the regular work of the Survey.

It is not expected or desired that the practice of sending in minerals for determination should be discontinued, but it is best that the public should not rest under a misapprehension as to what can be done with them.

The News recently remarked that if Frank Clark would devote the time that he spent in making his grand stand plays to securing an appropriation for Fernandina's public building, the people of Nassau county would feel better toward the Congressman from the Second District. Well, Fernandina got the appropriation, and got it because Frank Clark and the other members of the Florida delegation worked for it. Was that grand standing? About all Fernandina does get, by the way, is what is obtained through the efforts of some outsider. The best and deepest port on the Atlantic Coast south of Savannah, enjoying this distinction for years, Fernandina is but little further advanced than she was twenty years ago, while Jacksonville, right at her door and less favorably located, has grown to be seven times as large. What Fernandina wants is a few "grand standers." A good shaking up is needed there more than a government building.

With all of her population, her boast of being the largest interior town of the State, Live Oak has not passed the "cow pasture" class according to the charge made by one of her citizens in The Democrat of that city.

Brief Happenings From Various Sections of State.

THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers."

Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

Jacksonville will soon have a new and up-to-date city jail.

The work of cleaning the city of Tampa is being carried on in a vigorous manner.

The Board of County Commissioners have settled the controversy over the giving of a right of way to the Tampa Electric Company on Nebraska avenue.

A small party of Indians who have become dissatisfied with living in the Everglades and wanted to go West were transferred by the government Monday evening.

Hon. William P. Haisley died at Lewes, Delaware, last Sunday at one o'clock. The deceased was Superintendent of Public Instruction for this State under the administration of Gov. Geo. F. Drew from 1876 to 1880.

At a meeting of the Executive Committee of the State Fair Association held Friday afternoon in Tampa plans were outlined by the members of the committee and considerable work pertaining to the financial end of the scheme was accomplished.

Wallace Thompson, a white man, 23 years of age, was drowned in the St. John's river, near Cummer's mill, Monday afternoon, between 12 and 1 o'clock, and his body is now being held at the undertaking parlors of Charles A. Clark, awaiting advices from his relatives.

Information charging the defendants with conspiracy and alleging that they constitute a "meat trust," was filed Monday morning by Solicitor W. J. Bryan, in the criminal court of record in Jacksonville, against C. E. Smith, C. W. Richardson and F. P. Conroy.

Three defendants, all negroes, of Jacksonville, will be put on trial for their life. They are Hunter Williams, R. W. Wiggins and Charles Robinson, alias Clares Wood. The defendants are charged with criminally assaulting Kate Anderson, a woman of their own race, on the night of May 20, 1906.

A new industry is about to be established in Orlando. The old Waterhouse warehouse is to be converted into an insecticide manufactory. The factory will employ several hands and will be equipped with a laboratory for experimental purposes. The product will be used mainly for the extermination of the white fly.

In a fight between John Lyman and Sandy Johnson, two negroes of Pensacola, last Tuesday night, the latter had nearly an inch of his nose cleanly bitten off by Lyman. The negroes were on the ground locked together when Lyman secured a bull dog grip on Johnson's nose and never released it until half the nose was gone.

Laborers continue to arrive in Pensacola on nearly every train for work on the Louisville & Nashville wharves. The company needs five hundred men, it says, for the present rush, and three hundred men regularly, but the scarcity of laborers in every section of the country makes it a sad and very hard task to procure them. They have now over four hundred expect to have five hundred by the end of the week.

A bull dog fight ends in court in Jacksonville. Saturday, while walking down the street with J. K. Livingston, McQuage, it is alleged, "sicked" Livingston's bull dog on to a country dog that was passing by. In a few minutes a battle royal was being fought, and to separate the canines Livingston was compelled to kill the country dog. Although Livingston killed the dog he alleges that McQuage was the cause of the trouble because he "sicked" his dog on the country canine. McQuage was arrested for cruelty to animals, and Frank Chase, president of the Society for the Prevention of Cruelty to Animals, with several witnesses, was on hand in court Monday.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

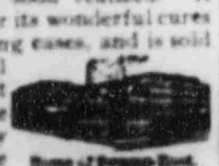
It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.



Home of Swamp-Root.

The Best Guaranty of Merit Is Open Publicity.

Every bottle of Dr. Pierce's world-famed medicines leaving the great laboratory at Buffalo, N. Y., has printed upon its wrapper all the ingredients entering into its composition. This fact alone places Dr. Pierce's Family Medicines *in a class all by themselves*. They cannot be classed with patent or secret medicines because they are neither. This is why so many unprejudiced physicians prescribe them and recommend them to their patients. They know what they are composed of, and that the ingredients are those endorsed by the most eminent medical authorities.

The further fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach tonic, liver invigorator, heart regulator and blood purifier, nor his "Favorite Prescription" for weak, overworked, broken-down, nervous women, contains any alcohol, also entitles them to a place all by themselves.

Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a better solvent and preservative of the medicinal principles residing in our indigenous, or native, medicinal plants than is alcohol; and, furthermore, that it possesses valuable medicinal properties of its own, being demulcent, nutritive, antiseptic, and a most efficient antiferment.

Neither of the above medicines contains alcohol, or any harmful, habit-forming drug, as will be seen from a glance at the formula printed on each bottle wrapper. They are safe to use and potent to cure.

Not only do physicians prescribe the above, non-secret medicines largely, but the most intelligent people employ them—people who would not think of using the ordinary patent, or secret medicines. Every ingredient entering into the composition of Dr. Pierce's medicines has the strongest kind of an endorsement from leading medical writers of the several schools of practice. No other medicines put up for like purposes has any such *professional* endorsement.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good." Easy to take as candy.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes, and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." J. W. McCollum & Co.

Meat Conditions Revolting.

London, July 11.—The Britishers who have been so virturous recently over the Chicago meat packing revelations, were Tuesday confronted with the annual report of the inspector of factories and workshops which shows that the conditions here are quite as revolting as anything alleged of the western packing centers. Dirty factories and disgusting methods seem to be the rule instead of the exception. Jam factories, bakeries sausage makers are all censured as being equally filthy and the description of one of the fits most of the others.

Only 82 Years Old.

"I am only 82 years old and don't expect even when I get to be real old to feel that way as long as I can get Electric Bitters," says Mrs. E. H. Brunson of Dublin, Ga. Surely there's nothing else keeps the old as young and makes the weak as strong as this grand tonic medicine. Dyspepsia, torpid liver, inflamed kidneys or chronic constipation are unknown after taking Electric Bitters a reasonable time. Guaranteed by all druggists. Price 50c.

Wants to Bring Them to Trial.

Richmond, Va., July 11.—Edward T. Sanford, assistant United States attorney, of Knoxville, Tenn. is here for the purpose of making a motion, before Judge Edmund Waddill, in the United States district court, to remove S. T. Morgan, president of the Virginia-Carolina Chemical company; and Fortescue Whitlock and S. Dabney Crenshaw, other officers in the same company, to the middle district of Tennessee for trial under the indictments made against them there for violation of the Sherman anti-trust law. The motion will probably include a request that they give bond for their appearance in court and will be fought earnestly.

Asthma Sufferers Should Know This

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Baesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

All of the Family in State Prisons.

Evansville, Ind., July 11.—Jonah Williams, his wife, Minerva Williams and their son, Wesley Williams, were sentenced to prison for life for the murder of James Leigh, at Booneville, last spring. Andrew Williams, another son, is serving a jail sentence for a petty crime, and two smaller children are in the reform school.

Twenty-Year Battle.

"I was a loser in a twenty-year battle with chronic piles and malignant sores, until I tried Bucklen's Arnica Salve, which turned the tide by curing both, till not a trace remains," writes A. M. Bruce of Farmville, Va. Best for old ulcers, cuts, burns and wounds. 25c at all druggists.

Grain Fields in Flames.

Modesto, Cal., July 11.—Grain fields have during the past two days destroyed over 15,000 acres of wheat, barley, and pasturage and numerous ranch houses and barns were burned.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Mansell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '99 and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

JUSTICE COLMAN'S COURT.

Lexey Robinson Charged With Assault and Battery on Carrie Green.

Lexey Robinson, a "strapping" negro man, was arraigned yesterday upon a charge of assault and battery upon the person of Carrie Green, a negro woman, at Bellamy.

This assault occurred several days ago, when the man escaped. But Carrie was possessed of that determined nature which would not let her rest, and discovered by investigation that Robinson had gone to Palatka. She communicated with the officers there, with the result that the man was arrested by Deputy Sheriff Lee Goodson, when Sheriff Fennell was summoned and the man was brought here, arraigned and committed to jail for four months in default of the payment of a fine of $25 and costs.

Unknown Woman Tries Suicide.

Atlanta, July 11—An unknown white woman attempted to commit suicide at Ponce de Leon Monday night, drinking from a bottle. She was accompanied by a friend at the time, and was at once placed on a street car and hurried to the city, a Grady hospital ambulance meeting the car at the corner of Auburn avenue and Ivy streets. It was stated about 11 o'clock that she was resting easily, and it is thought she will recover. At the hospital it was stated that her name was unknown, none having been entered on the register. It was reported, however, that her name is Mrs. Grace Williams, and that some family trouble was the cause of her rash attempt to take her own life.

Saved His Comrade's Life.

"While returning from the Grand Army Encampment at Washington City, a comrade from Elgin, Ill., was taken with cholera morbus and was in a critical condition," says Mr. J. E. Houghland of Eldon, Iowa. "I gave him Chamberlain's Colic, Cholera and Diarrhoea Remedy and believe saved his life. I have been engaged for ten years in immigration work and conducted many parties to the South and West. I always carry this remedy and have used it successfully on many occasions." Sold by all druggists.

Negro Strung to High Pole.

Tillar, Ark., July 11—Will Anderson, a negro, was hanged to a telegraph pole at this place by a mob. Anderson was charged with assault on a white woman at a farm, 2 miles south of Tillar. Posses were sent out, and the negro was captured at Walnut Lake Saturday night. He was taken to the scene of his crime, and was fully identified by his victim. The prisoner then confessed his guilt to his captors. On Sunday night Anderson was taken to a telegraph pole in front of his victim's residence and strung up.

Your Liver

Court Defines a "Cyclone."

St. Paul, Minn., July 11—According to a ruling of the United States circuit court of appeals, the storm, which did great damage in St. Paul on the night of August 20th, 1904, was a cyclone. Finith, Young & McConville, a wholesale dry goods firm, whose stock was damaged by the storm, secured a verdict for damages against an insurance company. The plaintiffs claimed that the storm was not of a cyclonic character, and the lower court sustained this contention. On appeal, however, the judgment of the lower court was reversed.

Heard Child Cry For Help.

Lynchburg, Va., July 11—The home of Fitzhugh Moore, 25 miles from here was burned and an 8-year-old child was consumed, and two other girls injured. The family was aroused by the flames, and the father did not discover that the daughter had not gotten out until it was to late to rescue her. It was only by desperate efforts that he was kept from rushing into the tottering building as he heard the cries of the child for help. The family lost its all, and they are being cared for by relatives for the time being.

Bledsole Wires the Sheriff.

Charlotte, N. C., July 11—J. T. Bledsole, who shot and killed Dan Alexson, on an excursion train near Autryville, N. C., Sunday morning, for the alleged reason that Alexson had dispalyed two pistols and expressed a determination to kill some one in the car, wired the sheriff at Clinton, as follows: "Killed man near Autryville. Want to surrender. Advise." This is the first known of the deed by the officials. Bledsole's attorneys say he will go to Clinton and ask for an immediate hearing.

Drowned While Playing Tricks.

Mansfield, O., July 11.—Antoine Erntt, aged 16, of Mansfield, was drowned at Painter Lake in the presence of more than a score of companions. The other boys were younger than himself. Erntt, it is claimed, was playing tricks in the water, and when he disappeared they thought he was "playing off." The body was found several hours later. Its position indicated that the young man was stricken with cramps.

Sentence of Wickes Commuted.

Albany, N. Y., July 11.—It became known here Monday that Governor Higgins several days ago commuted the sentence of Thomas P. Wickes, the New York lawyer, who was sentenced to a year's imprisonment upon conviction of blackmail in the writing of notorious "Lewis Jarvis" letters. In these letters he sought as was alleged, to secure advantages in legal business by writing letters about himself, signing them with the name of "Lewis Jarvis."

Cement Workers on Strike.

Chicago, July 10.—The cement sidewalk and floor layers went on a strike Monday, much to the astonishment of their employers. At a meeting of the union Sunday it was decided to ask for an increase of 5 per cent in wages, the demand to be made early Monday morning. The men asked for the increase at the hour set for commencement of work Monday and when it was not granted at once, they struck.

First Bale Brings 24 Cents.

New York, July 11.—The first bale of this year's cotton crop was sold at auction here Monday, and brought 24 cents per pound. It was shipped from Falfurrits, Star county, Texas. The bale was knocked down to the highest bidder in front of the New York cotton exchange. It will be shipped to Liverpool, England.

Huband Found Her.

Columbus, O., July 11.—Alfert Heard and Mrs. Joseph Loomis, both of St. Thomas, Ontario, were arrested here on complaint of the latter's husband and brought to the police station. The couple left their home last week. The woman will go home. No charges will be filed.

Compress and Cotton Burns.

Covington, Tenn., July 11.—The plant of the Gulf Compress company here, and 200 bales of cotton, were destroyed by fire Monday night. The origin of the fire is not known. The loss is estimated at $50,000, fully covered by insurance.

Visits House of Delegates.

San Juan, P. R., July 11.—Secretary Root and Governor Winthrop Tuesday visited the house of delegates and showed much interest in the proceedings. Mr. Root afterward reviewed the Porto Rico regiment and expressed admiration of the appearance of the soldiers.

Old Chronic Sores.

Is a dressing for old chronic sores there is nothing so good as Chamberlain's Salve. While it is advisable to heal old sores entirely, they should be kept in a good condition, for which this salve is especially valuable. For sale by all druggists.

Port for Dry Dock Dewey.

Washington, July 10.—The steel floating dry dock Dewey, in tow of the colliers Glacier, Brutus and Caesar and the tug Wompatuck, all under command of Commander Harry H. Holsey, United States navy, is due to reach Manila July 12th, when she will have covered a distance of something like 12,000 miles. The Dewey, which is destined to dock the largest ships of the American naval force in the east, started from Solomons island on December 28, last.

Tresspassing, Man is Killed.

Scottsboro, Ala., July 10.—Charley Adkins, a young white man, was shot and mortally wounded by James Jordan. The weapon used was a double barrel shotgun. Adkins was under the influence of liquor and attempted to enter Jordan's yard after being warned not to do so. Jordan fired two shots, both loads entering Adkins' stomach. Immediately after the shooting Jordan surrendered to the sheriff and was taken to jail. Both parties are married men.

Rain Washes Railroad Away.

Laredo, Tex., July 10.—Heavy rains which have fallen during the past 48 hours have played havoc with the National railroad between this city and Villadama, 90 miles south of here. Twenty-five kilometers of track and five bridges have been washed away and all trains have been abandoned between here and Monterey. Hundreds of laborers have been rushed to the scene of the washouts from both directions in an endeavor to quickly repair the damage.

Presidential Office Transferred.

New York, July 10.—A cable dispatch to the American from Caracas, Venezuela, says that Vice President Gomez has transferred to President Castro, the presidential office which the latter temporarily resigned in April last. There is general contentment among the people. Internal stability is thus confirmed.

Appointed Honorary Admiral.

Trondhpem, July 10.—Emperor William has appointed King Haakon an honorary admiral of the Germany navy.

Modern Cannon.

In modern high velocity cannon the pressure of the gases at the moment of firing generates tremendous heat. It is estimated that this heat runs as high as 8,000 degrees and even 9,000 degrees. The white hot gases eat away the steel lining of the guns in much the same way as streams of boiling water eat away a block of ice.

A Puzzler.

Johnnie—Pa, equine is a horse, isn't it? Father—Yes. Johnnie—And cow is a kind of an ox, isn't it? Father—Yes, a sort of an ox. Johnnie—Then what is an equinox?—Philadelphia Record.

DRAMATIC INCIDENT; ON FLOOR OF HOUSE

Representatives Flanders Asked Ejectment of Garnett Quillian.

TELLS ALLEGED MURDER PLOTS

Old Feud Caused by Failure of District Conference to Pass Character of Mr. Flanders, Formerly a Preacher, Reopened in the House.

Atlanta, July 11.—"I ask that one **Garnett Quillian** be removed from the **floor of this** house," cried Representative **W. J.** Flanders, of Johnson county, **shortly** before the adjournment of **the house** Monday afternoon. Even **as he was** speaking, a young man in **the rear of** the hall passed out of the **main door** of the house and left the **capitol.**

Shortly before the hour of adjournment, **Mr.** Flanders, who was once **pastor of** a Methodist church at the **little** town of Wrightsville, Johnson **county,** rose to a question of personal **privilege,** reading that portion of the **constitution** which exempts a member **of the** legislature from arrest. Mr **Flanders** became very much excited **during** the course of his remarks, and **members** crowded down the center **aisle** and faced him as he stood at **his desk** to the right of the speaker's **stand.** He said, in substance:

"I have been pursued ever since I entered this house last year. I waive every right I have which exempts me from the process of the courts and say that I am answerable for every word I say to the courts, civil or criminal, or to any man.

"I ask the removal of one Garnett Quillain from the floor of this house.

"He has been here pursuing me, and attempting to assassinate my character, and I do not intend to longer submit to this persecution. Two plots were made to murder me on the very streets of my native city, which failed only because of my supernatural powers.

"I am going to call names, and I say that the parties who seek my destruction are Judge A. F. Daly, and two ministers, one of whom, Rev. E F. Morgan, pastor of Grace Methodist church, Savannah, stands as a perjured liar on the records of the courts of my home, and on the records of the supreme court, while the other, Rev. W. F. Quillian, stands proven as a perjured liar.

"I made the statement last year that if defeated, I would resign my position in this house, but gave notice that if elected again, as I was, I would not be pursued by these men as I have been.

"Tuesday morning I saw this man, Garnett Quillian, and told him that I would construe his further presence in this house as a declaration of his intention to pursue me, and that I would not submit to it. On the next day, July 4, he was again on hand. I consulted friends, and as I passed him he threw his hand to his hip pocket and tried to look vicious. I gave him Sunday, thinking that he might go to Sunday school and learn a lesson from Bible, but it has done no good, and he is here again.

"I say that Rev. Dr. J. M. Lovett, deputy bishop of the Methodist church, is guilty of crimes for which a negro would be sent to the chaingang for life.

"If I can't substantiate every word I have said about these men, I will resign my position. I have defended my church membership in the ecclesiastical courts, and in the highest courts of the state. I am a Methodist in good standing and propose to protect my character against the slanderous attacks of these men."

In 1902 Mr. Flanders was a Methodist preacher at Wrightsville, and his character was not passed at the quarterly conference. Mr. Flanders charges that he is pursued by these men because he complained of them, and he alleges that he has proof that they substituted a record for the record of the conference which declined to pass his character. He states [illegible]

ages against Judge Daly for malicious slander, and that a new trial was granted by the supreme court in the case, the supreme court reversing the order of the lower court which sustained Judge Daly's demurrer.

SHRAPNELL FELL ON EMPLOYES

One Killed and Four Injured by Bursting Soda Tank.

Meadville, Pa., July 11.—One killed, another fatally injured, while three are seriously burned is the result of a fire in a soda bottling works here. Two residences and a barn adjacent to the bottling plant were destroyed. When the flames reached the charging tank it exploded with a roar and pieces of the heavy metal were thrown with great force in every direction, subjecting the employes who had not made their escape to a veritable charge of shrapnel.

Walter Fries, 14 years of age, was struck and instantly killed, while Eleanor Martin, 17 year old, had one arm and both legs broken, besides receiving internal injuries from which she cannot recover.

When the walls fell in, Mrs. Minnie Baird, 23 years old, was covered with burning woodwork. She will recover from her injuries. James Allen, a fireman, was cut about the head by falling pieces of slate and Fred Bell, another fireman, was overcome by the heat.

Wetmore Stands for Re-election.

Providence, R. I., July 11.—United States Senator Peabody Wetmore, has authorized the announcement that he is a candidate for re-election. The statement was prompted by a rumor that Senator Wetmore would retire in favor of Colonel S. P. Colt, of this city. Politicians view the announcement as meaning that Senator Wetmore will have to oppose Colonel Colt in securing Republican votes in the legislature and later to oppose Colonel R. H. I. Goddard, who is a candidate for the senatorial election on an independent Democratic platform.

Left Fortune to Trolley Conductor.

New York, July 11—Louis Carr, a trolley car conductor, at Paterson, N. J., has just been notified that he is heir to a legacy of $50,000 bequeathed to him by his uncle, Robert Carr, who was a wealthy photographic supply manufacturer in Basle, Switzerland, and died six months ago. "I have shaken myself repeatedly and questioned myself to find out if I am in a trance, for I can hardly believe I am so fortunte," said the conductor. He intends to stick to the car until he has secured the cash.

Reid Sent Up for Four Years.

Savannah, Ga., July 11.—L. R. Reid, of Augusta, who was indicted for impersonating W. C. Finch, at the barracks and obtaining $159, was tried in the superior court and found guilty. He was sentenced to four years in the penitentiary. Reid persisted in the remember-nothing story which he told when he was brought back to the city. Reid had made his escape from the barracks by giving the other man's name and taking the other's money.

Brigadier General Dead.

Los Angeles, Calif., July 11.—Brigadier General Louis Henry Rucker, U. S. A., retired, died here Monday. He had been in continuous military service of the United States for more than 40 years. He enlisted at Chicago when the call for troops was first made in 1861, rose from the ranks to high grade, and retired at his own request, as brigadier general, in 1902. He will be buried in the national cemetery at the Presidio, San Francisco.

Detail of Mutiny.

St. Petersburg, July 11.—Some additional detail from munity of the Seventh cavalry at Tambov show that both the infantry and the Cossacks sent to subdue the mutineers refused to fire on them, the infantry bayoneting the officer, who gave the command. Only a detachment of Dragoons, who, it is said, had been plied with liquor, attacked the mutineers. The officers of the Seventh first [illegible] their own men. The people of [illegible]

BOARD OF PUBLIC WORKS

That is the Branch of Municipal Government to Whom the People Must Look For Extensive Improvements and Paving, and Same Will be Done.

Editor Sun: During the past few weeks, since the extremely wet weather has prevailed, many people have complained of the bad condition of our streets. Some of these complaints, notably those which found their way into the newspapers, have taken the direction of criticism of the Street Committee—as if this committee had the money and authority to proceed with the paving of all the bad streets in the city.

I wish to explain that under the present formature of the city government the Street Committee does not do the street paving. All such improvements are now turned over to the Board of Public Works. This board has asked the council for authority to pa[illegible] number of the principal streets, [illegible] ordinance authorizing them to [illegible]d with this work is now being prepared. When this ordinance is passed and the sewer construction is out of the way, I know it is the intention of the Board of Public Works to go ahead with street improvements as far as the finances of the city will permit. It would be folly for them to squander the fund they have for street paving just at this time in advance of the sewer construction, to have such streets immediately torn up again by excavations for sewer pipes.

Everyone who takes any pride in our little city must feel humiliated at the bad condition of many of our streets. But this condition will undoubtedly be greatly improved as soon as the sewers are in. Not less than thirty thousand dollars will be spent by the Board of Public Works on our streets during the next two years, and no amount of abuse of the Street Committee will be apt to accomplish much along this line just at this time. This committee is trying to do the best it can with the streets under present conditions. Without money or authority we cannot convert the miles of mud holes into sanitary boulevards, however much we might desire to do so, especially when such mud holes in many cases run from house to house without any sidewalks, curbs or gutters intervening. While we are waiting until the excavations for the sewers are finished, if the people will go ahead and put down sidewalks, curbs and gutters, so that the bad streets complained of will have some definite limits, some metes and bounds, and can be properly drained, then putting the streets in good condition after the sewers are finished will be a much simpler proposition. If the people will do this and then will not forget that standing water on their lots is a sanitary nuisance, and will keep the rank, unsightly weeds cut from around their premises, Gainesville will soon be a joy and pride to all of us.

I am sure every member of the City Council and Board of Public Works has the interests of the city at heart, and hope to improve the conditions as rapidly as possible.

J. H. Hodges,
Chairman Street Committee.

WILL HAVE BIG TIME.

Alachua Camp, W. O. W., Will Have Work in Two Degrees Tonight.

Members of local camp, Alachua Camp No. 5, will entertain members of the camp tonight in work in two degrees—the first and second. This order is recognized as being one of the best fraternal insurance orders in the country, and new life has been enthused into the local lodge within the past few weeks.

The Woodmen of the World is a fraternal [illegible] initiation of members which are impressive, and amusing as well, and is based along the lines of the best secret fraternal insurance orders in the country.

Alachua Camp, which is one of the best in the State, has been recently infused with new life, and the members have gone to work with a determination to do something. This determination has resulted most successfully, as several new members have been enrolled recently.

At the conclusion of the regular work tonight there will be refreshments, which will be enjoyed by those present, as well as the newly installed members. A full attendance is desired at this meeting, which is destined to be one of the "star" meetings of the present term.

EXPRESS HEADQUARTERS.

Route Agent Rhoades Will Make His Home Here After July 15.

Route Agent S. W. Rhoades of the Southern Express Company, who spent several days here recently, is so well impressed with the city and our people that he has decided to make his home and headquarters here, on and after July 15.

Mr. Rhoades is now residing in Ocala. He is also impressed with the Brick City, and stated that he regretted very much to leave the good people he had met there, but that, owing to the fact that his territory was more central here, he deemed it best to come to Gainesville. He feels sure he will be well pleased, and the location will prove to his territory so much more central.

He Likes Gainesville.

Among the visitors to this city yesterday was J. W. Barwick, a prominent real estate man of Jacksonville.

Like many others who have heard about the good things of Gainesville, including the educational and moral advantages, Mr. Barwick was here prospecting with a view to locating and bring his family here. He is well pleased, and it is probable that we may add another family to our list in a short time.

Mr. Barwick visited the new University buildings, now being erected. He was well pleased, and expressed himself as believing that the selection for a location could not have been more wisely made. "I am 'stuck' on Gainesville," he said, "and you need not be surprised to see my 'truck' coming in here at any time."

Mr. Barwick would make a desirable citizen, and he would be gladly welcomed here.

The Normal Goes Right On.

The Summer School still continues its good work, and additions are made to the enrollment almost daily. Quite a number of teachers will be in next week to brush up a little before the examination for State and primary certificates.

We gave a wrong impression in Tuesday's issue about the time of closing. The school will run the full six weeks, closing on the 20th. Some examinations will begin on the 17th, but nearly all the classes will go right on.

Too much praise cannot be given to the large and intelligent body of teachers who, after a year of hard work in the school-room, are spending these hot weeks in qualifying themselves for more efficient service. Many of them already have certificates and their attendance is prompted by a desire for improvement.

A Card of Thanks.

We desire through the columns of The Sun to express our heart-felt thanks to the good people of Alachua for their kindness, interest and sympathy shown us during the sickness, death and burial of our dear little baby, Milton.

Mr. and Mrs. W. T. Rivas.

ROJESTVENSKY HAS BEEN ACQUITTED

On The Ground That He Was Not In Full Senses.

NOT ACCOUNTABLE FOR DEFEAT

Some of the Officers Were Acquitted, Their Guilt Not Being Proven—Mercy Is Asked in Behalf of the Guilty Ones.

Cronstadt, Russia, July 11.—Admiral Rojestvensky has been acquitted.

The full report of the Cronstadt courtmartial shows that Admiral Rojestvensky was acquitted on the ground that he was not in full senses and therefore was not accountable for for what transpired at the time of the surrender.

Some of the officers who were tried with Rojestvensky were acquitted, their guilt not being proven.

The recommendations for mercy in the cases of Captain Baranoff, of the torpedo boat destroyer Bedovi, Fillipovsky and Leontieff, who were found guilty and sentenced to be shot, were in accordance with the refutations and based on the physical and mental demoralization produced by the long voyage and shock of the disaster in battle. They were also credited with a desire to save the life of Rojestvensky.

One Killed; Two Injured.

Jacksonville, Fla., July 11—The second section of a freight train on the Seaboard Air Line crashed into the rear end of the first section standing on the main line in the yards at Lake City, Fla., at 3 o'clock Tuesday morning, causing a serious wreck, and killing the brakeman and injuring an engineer and fireman, who were reported were asleep in the cab of the first section. The whole train would have been destroyed, as it was loaded with turpentine and other inflamable stuff, had not the Lake City fire department come to the rescue. The regular Seaboard Air Line passenger trains cannot pass on the track where the accident occurred but are using the Atlantic Coast Line trackks from Live Oak by way of Fort White, Fla.

Warrant for Rockefeller.

Findlay, O., July 11.—A warrant for John D. Rockefeller which is now in the hands of the sheriff, is accompanied by a copy of the information and affidavits which was filed last Thursday in the probate court here by Prosecutor David and charges Rockefeller with violation of the anti-trust law in organization and maintaining a monopoly of the oil business. The warrant directs the sheriff "to take the said John D. Rockefeller, if found in your county or if he shall have fled, that you pursue him into any other county in the state and take and safely keep the said John D. Rockefeller so that you have his body before this court to answer the same complaint and be further dealt with according to law."

Cleveland, O., July 11.—The federal grand jury Tuesday resumed its investigation of alleged violations of inter-state commerce laws by various railways, and the Standard Oil company with half a dozen witnesses on hand to give testimony. Among those who testified Tuesday were C. L. Meyers a clerk in the freight tariff department of the Lakke Shore and the general auditor of the same company, R. M. Huddlestone, and G. T. Curtis, sales agent of the Standard Oil company. Several additional subpoenas were issued Tuesday, one of which was for a freight agent of the Lake Shore at Chicago, Mr. J. C. Clark.

Wealthy Kentuckian Dead.

Paducah, July 11—Edmund Pearson Noble, 60 years of age, president of the Paducah Globe Bank and Trust company, formerly president of the board of public works, president of the aldermanic board and one of the wealthiest men in western Kentucky, died Tuesday of appendicitis. He leaves a young wife, to whom he was

SPRING PARK FARM IS AN IDEAL SPOT

One of the Handsomest and Most Up-to-Date Places in South.

THE FARM IS A MODERN ONE

Manager Callison is Making a Place For the Raising of Fine Registered Cattle Which Cannot be Excelled Anywhere—An Immense New Barn.

A visit to Spring Park Farm, of which the Spring Park Stock Farm Company is owner and N. A. Callison manager, will convince any person that fine live stock will thrive as well in Florida as anywhere else in the world.

This company started in the business of raising registered cattle about two years ago, since which time they have enjoyed remarkable success. In selecting the foundation herd of Herefords and Jerseys, no pains or expense were spared in securing the very best that could be obtained below the quarantine line, Manager Callison visiting the farms of the principal breeders and making personal selection of the cattle. As a result, there are among the lot a number of prize winners at various fairs and cattle shows, and a Florida raised herd was exhibited and awarded the first prize at the State Fair, Tampa, last November, as the best herd of Florida raised Herefords. In all, twenty-seven prizes were awarded the Spring Park Stock Farm Company at the State Fair.

Manager Callison is a man of energy, and is continually making improvements on the property. He is just about to complete an immense cattle barn, which is said to be the largest of its kind in the Southeastern States. Its dimensions are 189 feet in length, with an eighty-foot L, the latter being an open shedway for young cattle. The main barn contains twenty-six large and modern stalls, provided with every convenience.

The barn is two stories, the second floor being used as a storage for hay and feedstuffs. It is so modernly arranged that the matter of transferring the contents of the wagons to this room is an easy matter, being hoisted by power, and transferred to various parts of the large room by means of slide bars and rollers.

In the center of this immense structure, towering high in the air, is a tower, which is neatly finished, and may be used as a tower of observation, as one can see the beautiful stretch of country, the green fields and the cattle on their respective ranges. Surmounting this tower, which is sixty feet above the ground, is a windmill which rests on a steel derrick twenty-feet high. This windmill, which will be used in pumping and for other purposes, is equipped with a fourteen-foot wheel, and is a powerful machine.

A contract has just been let for equipping this barn with lightning rods, as every precaution will be taken for the safety of the property and cattle. It will require six hundred feet of rod, and the ornaments will comprise twenty-one points with balls, four gold-leaf cow vanes, one weather vane, with compass.

Manager Callison is enthusiastic over the breeding of fine cattle, and is one of the best posted men in that direction in the country. He is taking excellent care of his stock, which is the pride of all lovers of fine cattle.

The Spring Park Stock Farm Co. is well equipped with all necessities and conveniences of a modern farm, having its own sawmill, gristmill and other conveniences which expediate the work.

Bell Summer School.

Prof. E. L. Price, who has been attending the State Normal here, has gone to Bell, where he has been assigned to a two-months' summer school. Prof. Price is regarded as one of the most competent teachers in the county, and will give excellent satisfaction in the duties which he will undertake at Bell.

OPERATION AVOIDED

EXPERIENCE OF MISS MERKLEY

She Was Told That an Operation Was Inevitable How She Escaped It.

When a physician tells a woman suffering with serious feminine trouble that an operation is necessary, the very thought of the knife and the operating table strikes terror to her heart, and our hospitals are full of women coming for just such operations.

There are cases where an operation is the only resource, but when one considers the great number of cases of menacing female troubles cured by Lydia E. Pinkham's Vegetable Compound after physicians have advised operations, no woman should submit to one without first trying the Vegetable Compound and writing Mrs. Pinkham, Lynn, Mass., for advice, which is free.

Miss Margret Merkley, of 275 Third Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:

"Loss of strength, extreme nervousness, shooting pains through the pelvic organs, bearing down pains and cramps compelled me to seek medical advice. The doctor, after making an examination, said I had a female trouble and ulceration and advised an operation. To this I strongly objected and decided to try Lydia E. Pinkham's Vegetable Compound. The ulceration quickly healed, all the bad symptoms disappeared and I am once more strong, vigorous and well."

Female troubles are steadily on the increase among women. If the monthly periods are very painful, or too frequent and excessive—if you have pain or swelling low down in the left side, bearing-down pains, don't neglect yourself: try Lydia E. Pinkham's Vegetable Compound.

JUDGE LOST HIS TEMPER.

Jumped from the Bench and Carved Prisoner With Knife.

The Key West correspondent of The Miami Metropolis tells the following rather unusual incident:

"Richard Lloyd, better known as Bats, was arrested Thursday for disorderly conduct and using obscene language, and was tried before Judge Brooks Friday afternoon.

"During the trial Lloyd continually interrupted the judge, who sentenced him to sixty days in jail and a fine of $100, and ordered the marshal to take him to jail.

"While being taken away the prisoner kept up his abuse. The judge had him brought back and added an additional fine of $50. Lloyd than asked the judge if he was through, and he answered that he was, whereupon Lloyd again began a tirade of abuse against the judge which was of such a nature that it could not be endured.

"Judge Brooks jumped from the bench and rushed at the prisoner, and before anyone could interfere had cut 'Bats' across the throat and inflicted an ugly gash across his side with a pocket knife, the only weapon he had. By this time the court room was in an uproar, men running in all directions.

"The prisoner was taken to a cell and his wound dressed by a physician, who pronounced his injuries not serious."

DR. SLEDD TO MOVE.

President of University of Florida Will Bring His Family Here.

Dr. Andrew Sledd, president of the University of Florida, left yesterday for Palatka, after a couple of days here in the interest of the University.

Dr. Sledd has rented the Turner home, corner of West Liberty and South Pleasant streets, and will remove with his family to his future home on or about September 1. This is one of the nicest and most conveniently arranged homes in the city.

The people of Gainesville will be proud to welcome the president of the University of Florida and his estimable family.

Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation, as it stimulates the liver and restores the natural action of the bowels, without irritating these organs like pills or ordinary cathartics. Does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse substitutes. J. W. McCollum & Co.

BEFORE THE COURTS.

Steel Range and Lightning Rod Salesman Hauled Up—Justice Court.

The mills of justice were set to grinding in both Judge Mason's and Justice Colman's courts Monday, starting the week with a lively day.

A. G. Reynolds, division manager of the Wrought Iron Range Company of St. Louis, Mo., with four of his solicitors, were arraigned for doing business in the county without a license. Mr. Reynolds and his men have been working the county soliciting orders for ranges, and it is claimed that his company is subject to a license. Mr. Reynolds insists, however, that a license is not necessary, and that the State law governing same is in direct conflict with the laws of the United States government. He asked the court for further time, in order that his attorneys, Judge Syd L. Carter of this city, and Ira J. Carter of Live Oak, might prepare the case. The court granted the request, setting the date of hearing for July 19, when the defendants were required to furnish bond in the sum of $150 each.

B. S. Calhoun, manager, and two other solicitors for a lightning rod house, were arraigned upon the same charge—doing business in the county without a license. These defendants presented the same argument as Mr. Reynolds, and they were also released under bond of $150 each for their appearance on the 19th. It is understood that the same attorneys are representing the lightning-rod salesmen.

Justice Colman's Court.

Stanley Watson and Elisha Ganey, colored, were arrested Saturday night by Officers J. H. Granger and W. M. Burch upon two charges—breaking and entering the stores of H. L. Rosenberger of Kirkwood, and stealing a horse from Officer Burch, on Friday night preceding.

The defendants pleaded guilty as charged, and were required to furnish a bond of $250 each upon each charge. Watkins gave bond and was released, but Ganey, in default of bond, was committed to jail to await the action of the grand jury at the fall term of the court.

UNIVERSITY WORK PROGRESSES NICELY

Small Army of Workmen Engaged About the Property.

EXPERIMENTAL FARM WORK

Foreman of Farm, With Prof. Cox, is Here Now Laying Fences and Setting Posts for Enclosure--President Sledd Will Move Here.

Work upon the University buildings and grounds is going merrily on, and large forces of men are engaged in various pursuits, and in various parts of the buildings and grounds, in pushing the work forward as rapidly as possible. The W. T. Hadlow Company, who have the contract for the buildings, are bending every energy to finish same, which the superintendent of the work makes assurance will be done in compliance with the contract, and at the specified time. The buildings will be ready for the opening of the fall term.

Prof. N. H. Cox of the University faculty, and John F. Mitchell, foreman of the experimental station of the college, have arrived in the city, and began Monday laying fences and setting posts for the enclosure which will be employed as an experimental farm. The soil is diversified, and experienced agriculturists state that it will prove an ideal location for the purpose for which it will be used.

President Andrew Sledd, who left Monday for Palatka, expresses himself as being better pleased every time he visits the new University grounds. He, too, realizes that the selection was a wise one as regards elevation, nature of soil—and in fact everything else, and considers it fortunate that the selection was made at this point.

Dr Sledd expects to bring his family here on September 1st, after which he will remain permanently

ALACHUA'S BIG REVIVAL.

Baptist Meeting Comes to a Close, After Two Weeks' Session.

The revival at the Baptist church in Alachua, which has been conducted under direction of the pas er, Rev. W. C Foster, for the past two weeks, closed on Sunday night, after a most successful session, a number of accessions to the church having been made by letters and otherwise.

On Monday morning there was a baptism on Burnett's lake, near Alachua, at which more than twenty new members of the church were immersed. It was a glorious time, and an occasion which will long be remembered by those who were there

WILL NOT INTERFERE.

The Teachers' Examinations Will be Held in the Afternoons.

The Sun contained a notice Tuesday to the effect that the State Normal terms would necessarily be shortened several days on account of the date set for the beginning of the examination for State, special and primary certificates, beginning on July 17.

With this arrangement the terms would have been cut short three days; but Prof. P. W. Corr, a member of the faculty of the State Normal in Gainesville, brought to The Sun office a letter from Hon. W. M. Holloway, State Superintendent, which explains itself. The letter is as follows:

"I had given this examination such publicity before the receipt of your letter and the petition to which you refer that it will be quite impossible for me to now recall the announcement. However, I shall be pleased to make this arrangement: I shall begin the examination each day at 2 p. m. and take as many as two subjects each afternoon. I think this plan ought to be satisfactory, because I suppose that the school closes not later than 1 p. m. Yours very truly,

HOME COMFORT RANGES

Josh Billings Said:

"I luv a roo-ter bekaws he ken krow, an' bekaws he has spurs to bak up his krow."

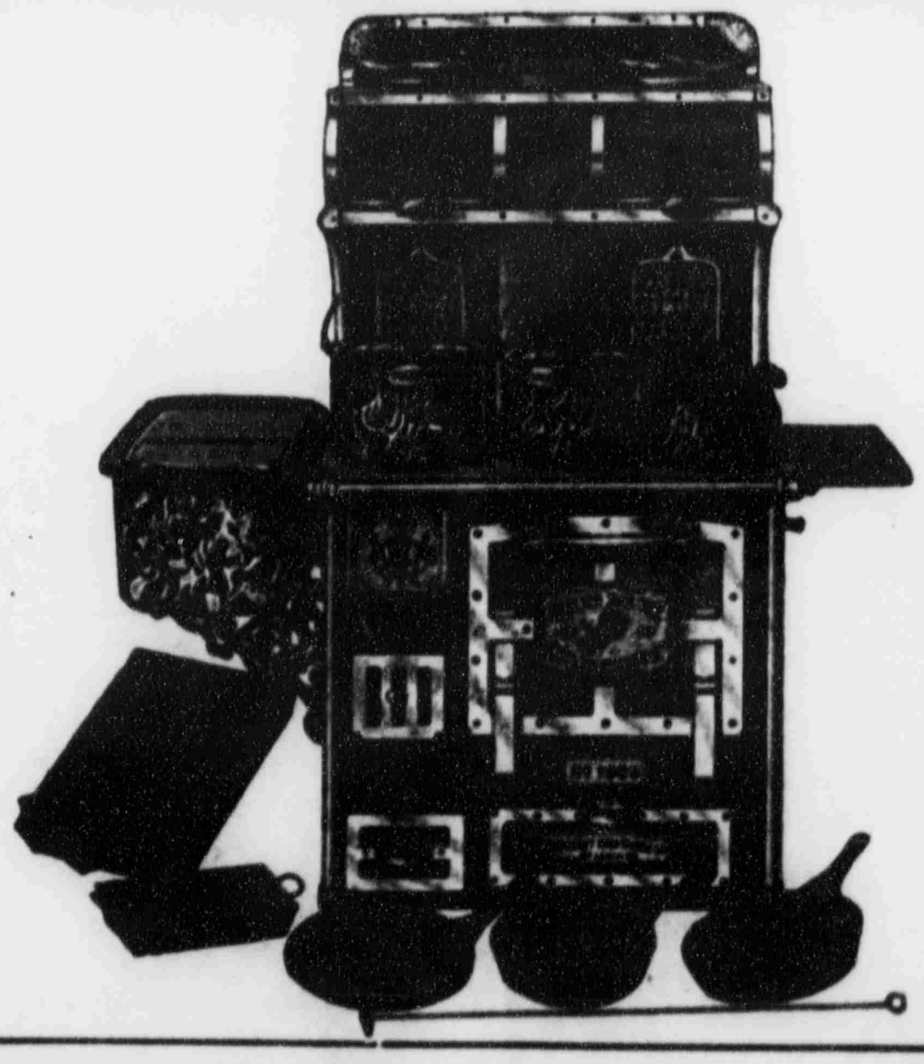
We claim that the Home Comfort is the best and most durable Range in the world, and here are the "spurs" to back up the claim:

THE ONLY GRAND PRIZE awarded by the Louisiana Purchase Exposition. Awarded by the group jury, approved by the department jury, affirmed by the supreme jury, and reaffirmed by the committee of five.

OFFICIAL RIBBON, World's Columbian Exposition. OFFICIAL RIBBON, California International Midwinter Exposition, San Francisco, 1894.

PREVIOUS AWARDS—27 highest diplomas, 16 gold medals, 1 silver medal, Industrial Exhibition, Toronto, Ont., Can., 1895. (The highest award, and only medal ever given on Ranges in Canada).

Orange Heights, Fla., June 25, 1906.
Wrought Iron Range Co., St. Louis, Mo.
Gentlemen: I have used the Home Comfort Range for years and they have given perfect satisfaction. I find that they are all that is claimed for them. I like them so much that I have just purchased a new one. That, I find to be far superior to any range I ever saw. I don't see what more could be added to their comfort, convenience and durability.
Yours truly, E. A. JOLLY.



What Prominent People Who Have Used the Home Comfort Ranges Say About Them:

Paradise, May 15, 1906.
To whom it may concern: This is to certify that I bought a Home Comfort Range from The Wrought Iron Range Company sixteen years ago, and have found it to be just as represented. It has been in constant use since I bought it and is as good today as when purchased, except the first joint of piping. This they replace free of charge. My range has at all times given perfect satisfaction, and is a great saver of fuel. If you buy one you will make no mistake. If my range had in any way given out I certainly would replace with another, as their salesmen are now in this county and the range they are now selling has great improvements over mine. W. A. STRICKLAND.

Ellaville, Fla
I have used the Home Comfort Range for ten years and it is in good condition and has given perfect satisfaction. I think it will last eight or ten years longer. I would not have anything else. They have the right name—"Home Comfort." Anyone buying will certainly get full value for money spent.
M. T. FARNELL.

I have used Home Comfort Range for twenty years. It has given perfect satisfaction. I have just purchased one of their Improved Ranges which I think a twenty-dollar better range than the one I have used. I would not be without one. They are the best ranges made. No one will make a mistake in buying one. It is worth the money. G. S. LEGRONE.

SOME SERMONETTES.

It is said that after one of the great Wisconsin forest-fires, a hen was found sitting over her brood, and stone dead. When the scorched body was turned over the chickens ran out unharmed. What a pathetic instance of the life-sacrificing instinct of motherhood! And what added meaning to the simile made by the Man of Galilee: "Even as a hen gathereth her chickens under her wings!"

She rode to church in an elegant carriage drawn by two magnificent horses, with silver-mounted harness. Her coachman was arrayed in splendid livery. She reclined gracefully in a luxuriously cushioned pew. She was dressed in costly silk and velvet, her wraps were of the finest fur, her little pink ears and lily-white fingers blazed with diamonds, and as the preacher told the needs of the suffering poor, she wiped a tear from her eye with a lace handkerchief that cost a hundred and fifty dollars. When the plate came around for the collection, with uncalculating generosity, she laid upon it the princely sum of twenty-five cents and joined heartily in singing—

"Were the whole realm of nature mine
That were a present far too small."

And the angels wept.

The State officials at Tallahassee are catching it on all sides. A great deal of this is due to the arrogance with which they transact the business of the State. It would be a pretty wise plan to take the people of Florida into their confidence. It might save a little of the criticism at least.

W. H. Cumming, a progressive and enterprising citizen of this city, is demonstrating to his neighbors that there is money in raising chickens. He is making a thorough investigation of this business and has one of the best droves of chickens in the county. The chickens are the Rhode Island Reds and can be raised in this climate with great success. Mr. Cumming has about three hundred head of these chickens.—Lake Butler Star.

The fence cutters are again getting in their work in DeSoto county. Stock owners in that section who have been accustomed to have their cattle graze on lands of others cannot reconcile themselves to being deprived of such privileges, hence they resort to the unlawful cutting of fences enclosing lands heretofore not fenced. Some horrible assassinations occurred a few years ago as a result of cutting fences in South Florida.

Hon. John S. Beard, the next Senator from Escambia county, and Governor Broward, have agreed upon a joint debate of the drainage question, the discussion to take place in Pensacola at a date to be fixed for some time in the future. If the Gainesville Board of Trade could get these two gentlemen to meet here in a similar discussion, and give a grand barbecue on the day agreed upon, it would be a big drawing card. Our people would also like to hear the question of the State engaging in life insurance discussed by the Governor and some one opposed to the measure. These will be two of the most important questions to come before the next Legislature.

EXCEEDING ITS AUTHORITY.

At its last meeting the Florida State Democratic Executive Committee endorsed Bryan and asserted that the tariff should be the main issue in the coming Presidential campaign.

The Sun is in hearty accord with the declaration, so far as the principles expressed are concerned, but we question the right of the State Democratic Executive Committee to promulgate a platform or to in anywise commit the Democracy of Florida to any issue or to any policy. This question came before the committee, as we understand it, in a round-about way, and as an endorsement of a telegram which the chairman had sent to The Indianapolis Star. It appears that after the State Democratic Committee of Indiana had endorsed Bryan and declared that the tariff should constitute the main issue in the next Presidential campaign, the Indianapolis paper wired the chairmen of the various State executive committees, stating the action on the part of the Indiana committee and asking if the States would join. Without waiting for an expression from the other members of the committee, Chairman Fletcher stated that Florida would join Indiana, but he was careful to add that his reply was his personal opinion and not to be considered as the sentiment of the committee. At the last meeting of the committee Chairman Fletcher referred to the telegram and asked if the committee desired to take any action. This was followed by the committee declaring in favor of Bryan, and tariff as the main issue.

The Sun does not question the right of the members of the Florida State Democratic Executive Committee to express themselves and to resolute on anything they desire, but we do question their right to do so when assembled and conducting the affairs of the Democratic party of Florida. It is a dangerous precedent to establish, and we predict that before many years those who thoughtlessly entered into this action will have sufficient cause to regret it. If the State committee can declare in favor of the national issue, it has the same power to commit the party in a question of State policy. If it can with authority, whether real or assumed, declare for Bryan for President, why could it not declare in favor of some candidate for United States Senator? Of course this idea may be far-fetched, and The Sun does not believe that the committee would ever entertain such a thought, but we are citing this to show what may follow when once the bars have been let down.

It may be that the committee, inflated with its assumption of power, may attempt to put the Democratic party of Florida on record at some future time as favoring some matter of State policy, such as the drainage of the Everglades, the building of roads, the leasing of convicts, and any other question which may arise in connection with the administration of the State's affairs. An expression of any one of the issues named would not be taxing the authority of the committee to a greater extent than it was taxed when the Bryan resolution went through.

The Democratic Executive Committee did all this after it had voted down the proposition to have a State convention to formulate a platform and to name delegates to the national convention. The Sun does not care whether there is a convention held or not. Were a convention to endanger the primary system, we would oppose it and oppose it with vigor. But the people of Florida are too wedded to the primary system to even consider a return to the convention plan, and there are few who would dare to suggest the old method of making nominations. But if there are to be expressions on matters of public policy or in favor of any candidate, the convention or the submitting of these propositions to the Democratic party at a primary are the only methods to be pursued. Those who fought the resolution of Mr. Hocker for a convention before that committee declared that the proper plan was to submit matters of the kind to the people at the polls. Their words had hardly fallen from their lips before they voted to take this power out of the hands of the people and arrogated to themselves the authority to commit the party to any issue they saw fit.

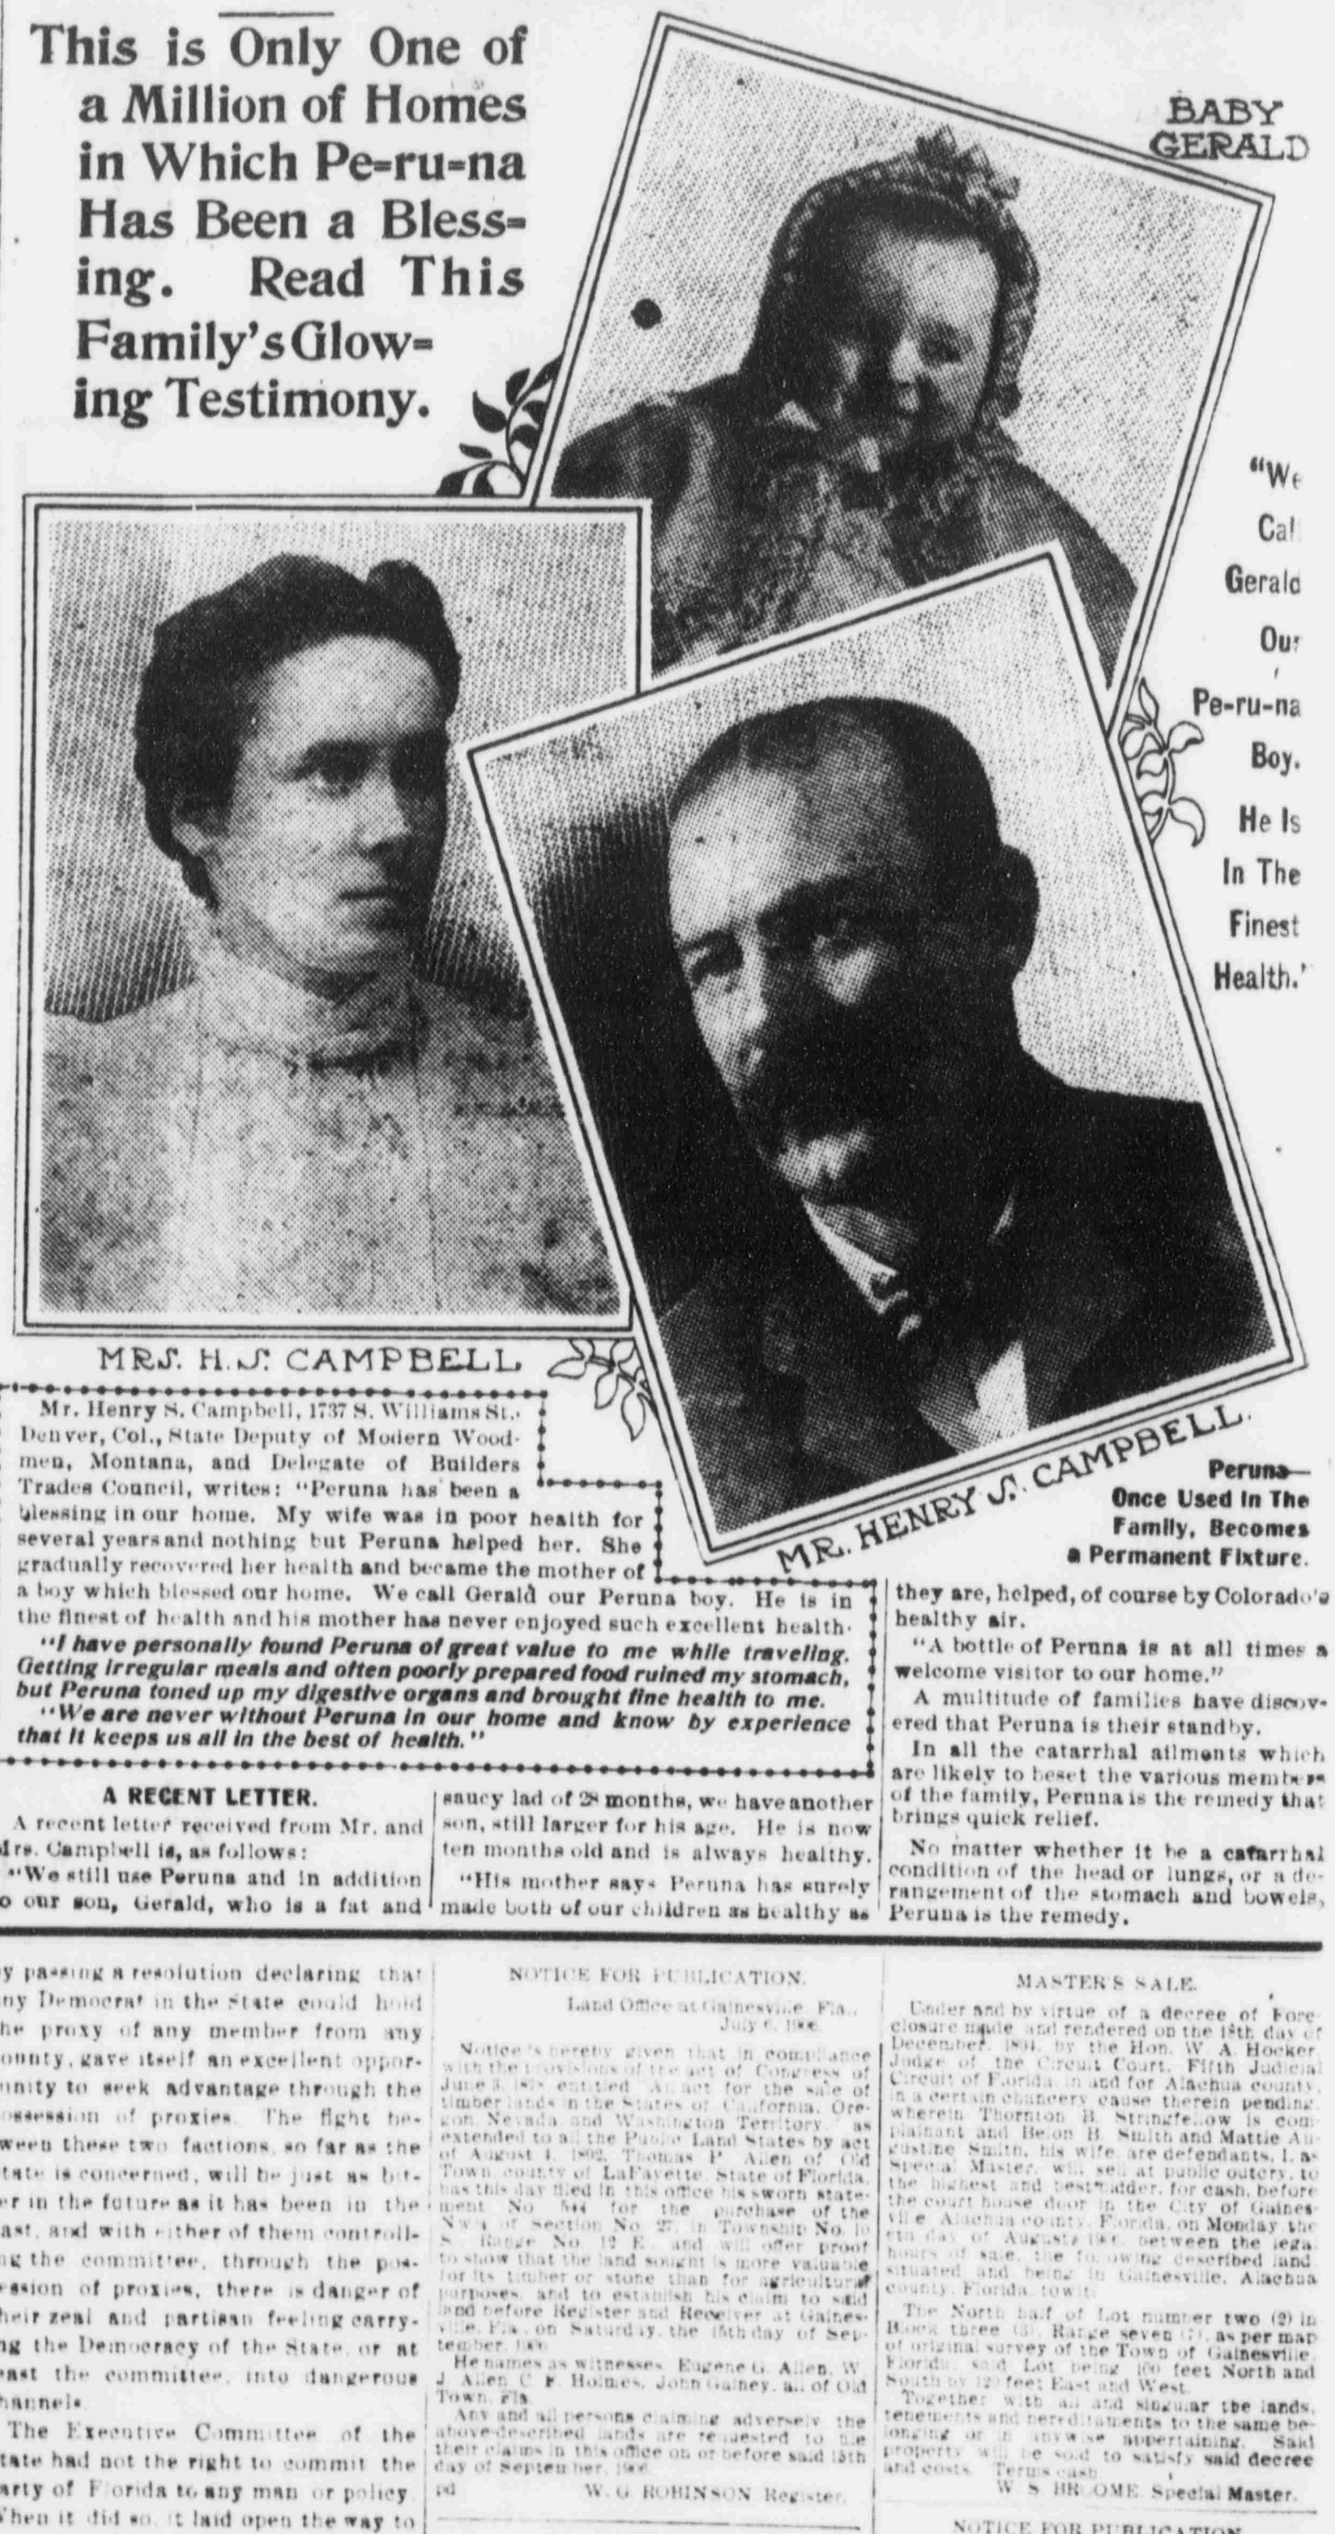
There are reasons why this is a dangerous plan to pursue. It has been observed that at every meeting of the Executive Committee either one or the other of the Jacksonville factions show up there with a pocketful of proxies. There is always a well and thoroughly conducted campaign for proxies just before the committee meets, and the Stockton faction of that committee, by passing a resolution declaring that any Democrat in the State could hold the proxy of any member from any county, gave itself an excellent opportunity to seek advantage through the possession of proxies. The fight between these two factions, so far as the State is concerned, will be just as bitter in the future as it has been in the past, and with either of them controlling the committee, through the possession of proxies, there is danger of their zeal and partisan feeling carrying the Democracy of the State, or at least the committee, into dangerous channels.

The Executive Committee of the State had not the right to commit the party of Florida to any man or policy. When it did so, it laid open the way to a general usurpation of power and authority which in reality it does not possess.

The Sun desires it understood that we are not attacking the resolution itself, for we are in hearty accord with the principles it declared for. We are for Bryan, and believe that the tariff will be the main issue in the campaign. But we protest against the State Democratic Executive Committee declaring in effect that it is the whole thing, when in reality its scope of action is limited and well and closely defined by all party precedents, party law, principle and equity in every State, as well as in Florida.

PE-RU-NA KEEPS THE FAMILY IN THE BEST OF HEALTH.

This is Only One of a Million of Homes in Which Pe-ru-na Has Been a Blessing. Read This Family's Glowing Testimony.



Mr. Henry S. Campbell, 1737 S. Williams St., Denver, Col., State Deputy of Modern Woodmen, Montana, and Delegate of Builders Trades Council, writes: "Peruna has been a blessing in our home. My wife was in poor health for several years and nothing but Peruna helped her. She gradually recovered her health and became the mother of a boy which blessed our home. We call Gerald our Peruna boy. He is in the finest of health and his mother has never enjoyed such excellent health.

"I have personally found Peruna of great value to me while traveling. Getting irregular meals and often poorly prepared food ruined my stomach, but Peruna toned up my digestive organs and brought fine health to me.

"We are never without Peruna in our home and know by experience that it keeps us all in the best of health."

Peruna—Once Used In The Family, Becomes a Permanent Fixture.

A RECENT LETTER.

A recent letter received from Mr. and Mrs. Campbell is, as follows:

"We still use Peruna and in addition to our son, Gerald, who is a fat and saucy lad of 28 months, we have another son, still larger for his age. He is now ten months old and is always healthy.

"His mother says Peruna has surely made both of our children as healthy as they are, helped, of course by Colorado's healthy air.

"A bottle of Peruna is at all times a welcome visitor to our home."

A multitude of families have discovered that Peruna is their standby.

In all the catarrhal ailments which are likely to beset the various members of the family, Peruna is the remedy that brings quick relief.

No matter whether it be a catarrhal condition of the head or lungs, or a derangement of the stomach and bowels, Peruna is the remedy.

SHERIFF WILSON OF CLAY COUNTY KILLED

Met Death at Hands of a Negro Whom He Tried to Arrest.

DEPUTY KILLED THE NEGRO

Sheriff Fennell Wires the News From Palatka, But Gives No Particulars of the Tragedy—Sad Ending of a Prominent Official.

Palatka, Fla., July 10.—Sheriff Wilson of Clay county, while attempting to arrest a desperate negro in that county today, was shot and instantly killed by the negro, who was well armed. The negro made a desperate attempt to escape, but was pursued. After running a short distance, being chased by Sheriff Wilson and a deputy, the negro turned and fired, with fatal results

The deputy, quick to realize the gravity of the situation, raised his gun and shot, killing the negro, just as the latter had levelled his gun at him. He would have received the contents of the negro's gun in another instant.

A Heavy Load to Carry.

Along with dyspepsia comes nervousness and general ill-health. Why? Because a disordered stomach does not permit the food to be properly digested, and its products assimilated by the system. The blood is charged with poisons which come from this disordered digestion, and in turn the nerves are not fed on good, red blood, and we see symptoms of nervousness, sleeplessness and general breakdown. It is not head work, nor over physical exertion that does it, but poor stomach work. With poor, thin blood the body is not protected against the attack of germs of grip, bronchitis and consumption. Fortify the body at once with Dr. Pierce's Golden Medical Discovery—a rare combination of native medicinal roots without a particle of alcohol or dangerous habit-forming drugs.

A little book of extracts, from prominent medical authorities extolling every ingredient contained in Dr. Pierce's Golden Medical Discovery will be mailed *free* to any address on request by postal card or letter. Address Dr. R. V. Pierce, Buffalo, N. Y.

Many years of active practice convinced Dr. Pierce of the value of many native roots as medicinal agents and he went to great expense, both in time and in money, to perfect his own peculiar processes for rendering them both efficient and safe for tonic, alterative and rebuilding agents.

The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of its ingredients. The publication of the *names of the ingredients* on the wrapper of every bottle sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an unknown or secret remedy. It is not a patent medicine nor a secret one either. This fact puts it *in a class all by itself*, bearing as it does upon every bottle wrapper The Badge of Honesty, in the full list of its ingredients.

The "Golden Medical Discovery" cures, weak stomach, indigestion, or dyspepsia, torpid liver and biliousness, ulceration of stomach and bowles and all catarrhal affections no matter what parts or organs may be affected with it. Dr. Pierce's Pleasant Pellets are the original little liver pills, first put up 40 years ago. They regulate and invigorate, stomach, liver and bowels. Much imitated but never equaled. Sugar-coated and easy to take as candy. One to three a dose.

JUSTICE COLMAN'S COURT

John Cannon Committed to Jail Charged With Stealing Cows.

John Cannon, colored, of the Rockledge section, was arraigned in Justice Colman's court Wednesday upon a charge that is a serious one in this country, that of cow stealing.

Cannon was arrested a day or two ago upon a warrant sworn out by Lemuel Johnson, a progressive farmer and stock-raiser of the Rockledge section, the charge and specification being that Cannon, on a certain day and date, did take from his "range and pasture" a certain cow, that he, fully aware that the animal was not his property, sold the same on hoof to a butcher of cattle, one J. B. Sheffield, as his own and individual property.

When arraigned before the justice court Cannon did not plead guilty outright, but it was evident with the court that this was a case worthy of investigation, and he required the defendant to give a bond of $250 for his appearance at the next term of the circuit court. In default of this bail, which he was unable to give, Cannon was remanded to jail.

The work of cleaning the city of Tampa is being carried on in a vigorous manner.

PREVAILING RAINS WROUGHT DAMAGE

Farming, Mining and Manufacturing Industries Crippled.

WATER IN PHOSPHATE PITS

Said to Reach a Depth of Fifteen Feet in Some Instances, and Mining is Temporarily at a Standstill—Woods Overflowed, Preventing Work.

While the rains have been severe throughout this entire section of the State for the past few weeks, and the damage to agriculture and horticulture has been great, causing the loss of thousands of dollars, it appears that this branch of industry is not the only one which has suffered, as phosphate, sawmill and naval stores interests have been badly crippled.

Private information from Holder, Citrus county, which is a great phosphate center, bears information that the rains have been terrific and disastrous in that section, in many instances the phosphate pits containing a depth of fifteenfeet of water, which ran the miners from the pits and stopped progress. This means a loss of many thousand dollars a day, in the aggregate, and the idleness of several hundred men employed in phosphate mining.

Other reports are to the effect that the woods throughout a vast area where naval stores and sawmilling interests are the principal industry, are flooded to such an extent that in many instances it has become necessary to entirely abandon operations. This also means a great financial loss.

In reference to the immediate Gainesville section, the greatest damage has been done to the melon and trucking crops, which have fallen as a rule far short of what was anticipated in a yield. The standard or staple crops, while damaged to some extent, promise to produce a fair yield, corn and sweet potatoes being especially encouraging.

The successive rains which have prevailed are said by old settlers to be as severe as they have ever seen. The woods in many sections are so overflowed that the forage for cattle is temporarily ruined, and the roads are almost impassable in some portions of the county.

A Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea dyke, which a child's finger could have stopped, to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver of Vanceboro, Me., permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation, caused by a neglected cold, but Dr. King's New Discovery saved my life." HAD NOT WALKED FOR 11 MONTHS

Terrible Sore on Ankle Caused Awful Suffering—Could Not Sleep nor Rest—Physician Said Leg Would Have to Be Amputated.

CURED BY CUTICURA IN SIX WEEKS

"I had a terrible sore on my ankle and had not walked any for eleven months. I tried nearly everything without any benefit and had a doctor, but he didn't seem to do any good. He said I would have to have my leg taken off, and that I would never walk again. I suffered awful, and at night I could not sleep at all. I thought there was no rest for me, but as soon as I began to use Cuticura Soap and Ointment it commenced healing nicely. I bathed the ankle with warm water and Cuticura Soap and then applied Cuticura Ointment to the affected part, and laid a cloth over the sore to hold it in place. After two weeks I could walk around in my room real good, and in six weeks' time my ankle was entirely cured and I was walking around out of doors. I am enjoying perfect health and have gone to work and feel as well as I ever did in my life, so I know that the Cuticura Remedies are the best in the world.

"Cuticura was recommended to me by a lady who had used it when her baby's head was so full of sores he could not lie down. She had to set him up in her arms to sleep. (signed) Mrs. Mary Dickerson, Louisa, C. H. Va., April 22, 1905."

A DELIGHTFUL AFFAIR.

Mr. and Mrs. Wilcox and Family Entertain Friends at a Picnic.

A party consisting of Mr. and Mrs. Bell, Mr. and Mrs. Strange, Mrs. Tillman of Boardman, and Messrs. Clower and Doke, went to Wilcox Friday forenoon in the "parlor car special" (?) running between that place and Trenton, and were met by trains sent out by Mr. Wilcox and driven to Fannin, a beautiful and picturesque spot near the banks of the old Suwannee, where a delightful picnic was held.

Mrs. Wilcox, with her charming daughter, Miss Mamie, are here from Gainesville visiting Mr. Wilcox and sons, who are in business here.

Everything had been arranged with a view to comfort. A nice tent was up for for protection from showers, but it was not needed except for Mr. Bell's graphophone, which entertained the crowd with excellent selections from popular singers and famous bands.

There were comfortable chairs and new magazines, plenty of lemonade and delicious watermelons.

About one o'clock a sumptuous dinner, which would have tempted the most fastidious, was spread and done full justice. Fresh fish steaming hot and nice coffee was prepared on the grounds.

In the afternoon delightful boat rides on the grand old river were enjoyed by all who cared to go.

The day passed so quickly and pleasantly that the sun was very low before we realized that the day was nearly gone.

The table was spread again and we had supper, and though there were not twelve baskets full taken up, as in the miracle, there was plenty left.

We came home with the happy consciousness of having attended at least one perfectly ideal picnic, thanks to Mr. and Mrs. Wilcox and their charming family.

A Guest.

Your Liver

Is out of order. You go to bed in a bad humor and get up with a bad taste in your mouth. You want something to stimulate your liver. Just try Herbine, the liver regulator. A positive cure for constipation, dyspepsia and all liver complaints. Mrs. F——, Ft. Worth, Texas, writes: "Have used Herbine in my family for years. Words can't express what I think about it. Everybody in my household are happy and well, and we owe it to Herbine." Sold by W. M. Johnson.

COLFAX REBEKAH LODGE.

Degree Team Will Confer Work on New Lodge in Jacksonville.

From Wednesday's Daily Sun.

The degree team of Colfax Rebekah Lodge No. 2, I. O. O. F., of this city, has been honored by assignment to confer the degree work in the institution of the new Rebekah lodge, which will be located in Jacksonville.

The degree team of Colfax Rebekah is under the direction of Captain J. W. Blanding, master of the degree staff. It comprises twenty-five young ladies, all of whom are efficiently drilled in the work, and who are bound to make an impressive showing whenever opportunity presents.

The team expects to leave here Thursday, and on Thursday and Friday nights will confer the degrees upon members of the Jacksonville lodge.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

Mob After Negro Who Killed Wife.

Indianapolis, Ind., July 10.—Aaron Morton, a negro, shot and killed his wife on a crowded downtown street Sunday night and was pursued several blocks by a mob of 1,000 people bent on lynching him. Morton succeeded in reaching fire station No. 1, where he was taken in by the firemen and his pursuers foiled. Just as they were preparing for an assault on the building a detail of police rescued the negro and he was taken to the city jail. During the pursuit a member of the mob fired at the murderer and another started after him with a knife.

Only 82 Years Old.

"I am only 82 years old and don't expect even when I get to be real old to feel that way as long as I can get Electric Bitters," says Mrs. E. H. Brunson of Dublin, Ga. Surely there's nothing else keeps the old as young and makes the weak as strong as this grand tonic medicine. Dyspepsia, torpid liver, inflamed kidneys or chronic constipation are unknown after taking Electric Bitters a reasonable time. Guaranteed by all druggists. Price 50c.

Big Contract for Ties.

San Francisco, July 10.—E. H. Harriman has become a large buyer of railroad ties in Japan and is having them delivered at Guaymas, Mexico for 56 cents gold each. A contract for 1,500,000 ties has been let and one ship load of 83,000 ties has already been delivered. Mr. Harriman and his New York associates are building 700 miles of road in the states of Sonora and Sinaloa to connect with the Southern Pacific on the Southern border of Arizona.

...ON. FRANK CLARK TO HAVE FINE HOME

Workmen Now Engaged in Erecting a Modern Home.

WILL COST ABOUT $6,000

The Home Will be Modern in Every Respect, and a Credit to Both Owner and City—Mr. Clark and Family to Arrive Here About July 20.

Ground has been broken for the erection of a beautiful $6,000 home for ...on. Frank Clark, member of Congress from the Second Congressional District, who will make his permanent home here with his family after the 20th inst.

This home will be located on West Liberty street, leading from the court house square to the new University buildings, and about half way between the two. Liberty street is now being considerably widened and extensively improved in many ways, principal among which is the laying of granolithic sidewalks the entire length of the thoroughfare, on both sides, a distance of nearly two miles. The street will also be paved, a series of grass-plots run down the center and on either side, and when completed it will make one of the handsomest driveways in the State.

The home of Mr. Clark, which was designed by an expert architect, will be one of the most modern and handsomest in Florida. It will be built with a view to comfort and convenience, and will be a credit to the city and owner alike when completed.

With such class of buildings as are contemplated, a number of which are now going up, in West Liberty street, that portion of the city is destined to become one of the most fashionable residence sections of Gainesville.

ARE SAFE IN GERMANY.

Misses Hampton and McCreary Reached Port in Safety.

The numerous friends of Misses Clem Hampton and Irene McCreary in this city and throughout the State will be glad at the information that they have safely arrived at Bremenhaven, Germany, as a cablegram from Miss McCreary to her parents, under date of July 9, states that all arrived safely and were well.

Misses Hampton and McCreary left this city on June 27 for a trip abroad. They joined a pleasant party at Baltimore, sailing from that port a few days later. The party expects to be absent about three months, visiting many places of interest in Germany, France, Italy and other European countries. Upon their return they expect to spend a short time in Northern New York and Canada.

That won't come off appears on baby's face after one bottle of White's Cream Vermifuge, the great worm medicine. Why not keep that smile on baby's face. If you keep this medicine on hand, you will never see anything else but smiles on his face. Mrs. S——, Blackwell, Okla., writes: "My baby was peevish and fretful. Would not eat and I feared he would die. I used a bottle of White's Cream Vermifuge and he has not had a sick day since." Sold by W. M. Johnson.

A Complimentary Party.

One of the most delightful functions of the season was an informal party given by Miss Eva Haile, in honor of Mrs. Patterson of Miami, nee Miss Jessie Barco of this city, at the home of Mrs. J. M. Haile, West Main street N., Monday afternoon.

The game of the evening was "Five Hundred." There were three tables, and the contest was pushed with an enthusiasm which was to say the least admirable, showing many fine plays. At the conclusion the prize, a handsome cut glass bonbon dish, was awarded to Mrs. Patterson.

There were a great many present, all of whom were delighted to meet their friend again.

Delicious refreshments, consisting of salads, etc., were served.

A Novel Window Display.

One of the most novel ideas in window dressing seen here in some time was originated by O. M. White, a clever salesman in the clothing store of Phifer & Morris, and has attracted considerable attention.

Mr. White conceived an idea from the well-known song, "Everybody Works But Father." Accordingly he secured two adult and two "kid" dummies, attired the male dummy in a swell suit with Panama hat, the "old lady" in a working costume, and the "kids" in overalls. Placing them side by side in the big window he tacked on the legend, "Everybody Works But Father."

This arrangement made a hit—and a good one, too.

Dr. and Mrs. Andrew Jelly of Waldo were in the city for a few hours yesterday. They were en route from Worthington, where they have been recuperating for the past few days.

Mrs. S. J. Haddock of Richmond, Va., has arrived in the city, and will remain here for two or three weeks as a guest of her parents, Judge and Mrs. H. G Mason. Her numerous friends are delighted to welcome her again.

Mrs Dr. J. H. Colson and interesting little daughter, Lucille, left yesterday for Savannah, where they will spend a few days with relatives and friends. From Savannah they expect to proceed to Wilmington Island, Ga., for the remainder of the summer.

Phillip Miller, who has been engaged in business in Jacksonville for the past two years, has disposed of all his interests there, and is now looking for a new location. Inasmuch as Mr. Miller is well known and has valuable property interests here, he will no doubt decide to remain permanently. His friends, and the citizens generally, would be glad to welcome him again.

S. R Chitty of Micanopy was in town yesterday and made The Sun an agreeable call. Mr. Chitty was formerly engaged in the market business at Micanopy, but retired therefrom and is now engaged in the mercantile business, carrying a full line of dry goods and notions, as well as staple and fancy groceries. He is popular in his section and should enjoy a good trade, as he deserves to.

Noble Strobhar of Birmingham, Ala., and sister, Miss Cornelia Strobhar, of Montgomery, Ala., passed through the city yesterday en route to Panasoffkee, where they will visit their parents, Captain and Mrs. J. N. Strobhar. These young people, with their parents, resided here for many years, and their young friends who were aware of their coming met them at the train and spent a few moments pleasantly with them.

From Wednesday's Daily Sun:

Mrs. A. A. Taylor of Rocky Point was shopping in the city yesterday.

M. Forman of Alachua was transacting business in this city yesterday.

L. J. Knight, a progressive planter of LaCrosse, was trading in this city yesterday.

Mrs. Tommielou Johnson of Grove Park favored Gainesville with a visit yesterday.

Captain J. W. Carter of Micanopy was a business visitor to Gainesville yesterday.

Mr. and Mrs. Sam Davis and children left yesterday for Henderson, N. C., where they will recuperate for a few months.

Mr. and Mrs. E. Baird left Monday for Royston, Ga., where they will be the guests of relatives for the next three weeks.

W. J. Locke of Donnie, one of the best citizens of the West End, was in town yesterday and made The Sun a pleasant call.

George Landers and family have removed from Macclenny to this city, and are pleasantly located in a cottage on North Pleasant street.

W. Allen Haile of Alachua, one of the most successful farmers of the county, and also an extensive crosstie contractor, spent yesterday in this city visiting his family and transacting business.

A. N. Eddins departed for his home in New York yesterday, after spending several days pleasantly with his parents, Mr. and Mrs. J. R. Eddins, and among his friends here. He will sail via Clyde Line from Jacksonville this morning.

W. J. Mathews and W. F. Lindsay, two prominent citizens of the West End who make their home at Donnie, were in the city yesterday on business connected with the United States land office. They made The Sun an appreciated call.

Geo. W. Dyal of Monteocha was among the visitors to this city yesterday. Mr. Dyal states that indications are the cotton crop will be very poor the coming season, caused by many drawbacks, among which has been the constant heavy rains.

Mr. and Mrs. George Gleason, sons, Gilbert and Fred, and daughter, little Miss Minnie Louise, were in the city from Rocky Point yesterday. Mr. Gleason, who is a successful trucker, states that vegetables are about over with the exception of egg plant.

Among the successful colored citizens of the county is C. J. Wilkinson of Pineville, near Archer, who subscribed for The Sun. He is an industrious merchant of Pineville, and enjoys a good trade among both white and colored. He is deserving, and is respected as an honest and peaceable man by all who know him.

Solomon Warren expects to make his departure in a day or two for Traxler, Alachua and other points, where he will spend a few days with friends. "Uncle Sol," as he is familiarly known, is quite popular among the little folks, as well as the elder ones, and, while he will be greatly missed, they all join in wishing him a pleasant and beneficial trip.
